

# United Appeal 'Task Force' Starts Big Push

The Big Push is on today, with an army of 1,500 volunteer canvassers ringing doorbells throughout Greater Victoria in quest of \$58,000 for the United Appeal.

It is the biggest volunteer canvass ever organized locally and a vital part of the overall drive to raise \$320,000 for the 22 charities served by the United Appeal.

"We ask you to recognize your responsibilities to the blind, to our youth and aged, to our unwanted children and all the problems of our 22 agencies," said campaign chairman Justin Harbord in a direct appeal to the public Sunday night.

Mr. Harbord was speaking at a mass rally in the Odeon Theatre at which nearly 1,000 of the

1,500 canvassers and team captains were special guests with Mayor Percy Scourrah and the reeves of Greater Victoria municipalities.

A high-spirited atmosphere was sustained throughout the speeches, a concert and stage program which preceded the premiere of a new British movie comedy, "Very Important Person."

Mr. Harbord referred to the residential canvass as "the toughest job of all."

"The two greatest killers of our time," he said, "are heart disease and cancer. . . I confidently expect the city council to grant permission for a 'Tag Day for the Society for the Prevention of People being Candid' any day now."

"Perhaps I should thank some of the aldermen—I repeat, some of the aldermen—for their won-

derful co-operation in granting tag days right in the middle of the United Appeal," he said with sarcasm.

"I was amused last Saturday to see a small boy busy tagging at the corner of Yates and Douglas, leaning on the United Appeal booth. It seems to me this is a pretty good symbol of the truth, which is that all agencies that insist on remaining independent of the United Appeal, have every right to do so."

"But they are leaning on the United Appeal since we are providing an umbrella for them by combining 22 appeals in one, thus making it easier for the independent appeals to succeed."

"It does not take much imagination to see what the effect on these independents would be if

all our 22 agencies appealed separately every year."

Mr. Harbord thanked all United Appeal workers, the management and staff of the Odeon Theatre, the J. Arthur Rank Organization and all who contributed to the success of the rally.

Floyd Fairclough introduced women captains from the residential canvass division and appealed for more volunteers.

Both the Victoria West and Gorge areas are short of canvassers, and Mr. Fairclough invited volunteers to call Victoria West area chairman, Mrs. D. J. Burr at EV 2-1218, and Mrs. H. R. Turner, in charge of the Gorge area, at EV 4-5454.

Except for these two areas, he said, preparations for the neighborhood canvass are in "good shape."

## New Planning Council Major Liberal Policy

By FRANK RUTTER

A new national economic council as a blueprint for Canadian economic recovery was outlined as a major Liberal election plank by national leader Lester B. Pearson here Saturday night.

Mr. Pearson told about 600 persons at a provincial convention banquet that his plan is aimed at making free enterprise and public ownership work in harmony.

It would—without reckless election promises—put an end to what he called present economic stagnation and massive unemployment.

Theme of the economic council would be "planning."

Its members would include representatives from business, agriculture, industry and labor.

Its tasks would include research, tackling new problems, making policy recommendations to the government.

"I give you this assurance," said Mr. Pearson, "in the period of campaigning before the election we will not insult the people of Canada with reckless, irresponsible promises in order to achieve office."

This time the public won't be dazzled by the "wild promises" of the Conservatives which just didn't stand up

against their record in office, he added.

In a speech which barely touched on international affairs and hydro-electric power, Mr. Pearson devoted most of his time to a rallying call for orderly rebuilding of Canada's economy.

He denounced the Conservative government for its opposition to Great Britain joining the European Common Market, a move which he said could be turned into an advantage for Canada.

"We would immediately initiate discussions and negotiations on the extension of the European Common Market across the Atlantic—plus the development of trade across the Pacific which in fact may be equally important," said Mr. Pearson.

"That represents our best chance for economic expansion and development—even survival."

"Such a trading area would

PRESIDENT

Victor in keen contest for presidency of B.C. Liberal Association at its weekend convention here was Pentecost lawyer, W. A. "Bill" Gilmour, 40. He swept second ballot despite razzle-dazzle campaign by three candidates. (See story page 3.)

## Fishermen Strike

VANCOUVER (CP)—British Columbia's herring fishermen today went out on strike in a dispute revolving about the price for herring.

## BERLIN STRATEGY

### Talks Stymied By De Gaulle

PARIS (UPI)—President Charles de Gaulle vetoed plans for a high-level meeting of western officials in London because he feared the United States and Britain might make concessions to Russia, French sources said today.

### 'BOOBY-TRAP' ELECTRIC WIRE

BERLIN (Reuters)—East German police have strung a "booby trap" wire behind the double-barbed-wire barrier sealing off part of the U.S. sector of West Berlin, West Berlin police said today.

A police spokesman said the nine-inch wire, strung in the ground, seemed to be an electric cable rigged to set off warning gunshots when touched.

### Life Raft Spotted

NEW YORK (UPI)—An Air Force search plane today reported sighting a one-man life raft 650 miles off the east coast where a giant B52G jet bomber vanished during Saturday's exercise Sky Shield II.

The first report, released here by coast guard search and rescue headquarters, did not say whether there was any indication of life on the little raft. (See story page 5.)

### Tear Gas Grenades Hurlled at W. Germans

BERLIN (AP)—East German police threw tear gas grenades at a West Berlin crowd today after five East Berliners jumped from a second-storey window of a border house into a sand-filled truck, West Berlin police said.

The incident occurred at Bernauerstrasse, where apartment houses on one side of the street are in the Soviet sector while the sidewalks below are in West Berlin. The area has been the scene of many dramatic escapes by East Berliners.

The sand-filled truck roared up to one apartment house. Seconds later three men and

two women jumped into it. West Berlin police said the two women suffered minor injuries in the jump.

The East Germans, meanwhile acknowledged that mobilization of the workers' militia to man the barricades has dealt a serious economic blow.

Economic chief Alfred Neumann told the Communist party's central committee Sunday "the withdrawal of workers from a factory for outside activities not connected with their trade must be stopped."

Neumann said industrial output was up. But he said overall production was falling short of targets fixed in the regime's seven-year plan.

Russia must be willing to include any new East-West agreement on Berlin on a solemn pledge that ultimate German reunification is its goal even if this is not possible at this moment.

Government sources said the French president believes that in the present circumstances there is nothing in the Russian attitude that would warrant going to the conference table with the Soviets.

JOHN J. MCCLOY  
"no good to plead"

### VOW Trip To Russia 'Useless'

The plan of the B.C. Voice of Women organization to send spokesmen to the International Trade Fair in Russia next year—in an attempt to bring about solidarity with Russian women in a move for nuclear disarmament—was dismissed as useless today by one of the foremost disarmament experts of the U.S.

John J. McCloy, until recently President Kennedy's special adviser on disarmament, said in an interview in Victoria only a realistic approach to what is a tough and complex problem would bring useful results in the disarmament field.

"It does no good to plead or shout for disarmament," said Mr. McCloy, who is here to address the general conference of the Pacific Northwest Trade Association.

"We must be practical and persistent about it—and we must not forget that disarmament is not necessarily synonymous with peace," he added.

The VOW proposal has received approval from the group's national headquarters in Toronto. It was suggested some weeks ago by B.C. Attorney-General Robert Bonner when the B.C. organization

### 'What's Rush?' Czechs Ask UN

UNITED NATIONS (CP)—Canada, calling for an urgent world-wide study of atomic radiation, said today it is baffled by a Czechoslovak suggestion that it should be considered in a "routine" manner.

Canadian delegate Paul Tremblay addressed the 16th General Assembly's 101-member special political committee as an East-West struggle loomed over Canada's proposal, sponsored by 22 other countries, that radioactive fallout data be collected from around the world on weather facilities.

Tremblay declared: "... As representatives of our peoples—the very men, women and children directly threatened by the radiation menace—we cannot do less in this assembly than to take the kind of posi-

tive and substantive action they expect of us.

"We must therefore seize the opportunity afforded by the consideration of this item to ensure that the focus of world opinion is held on this grave problem."

Tremblay, Canadian ambassador to Chile, referred to the annual report of the 16-country UN scientific committee on the effects of radiation, which says that the recent resumption of nuclear test explosions increases the urgency for closer scientific studies.

### Use of World Weather Body Urged

The Canadian resolution urges that the committee accelerate its work and that the facilities of the World Meteorological Organization, a specialized UN agency with 102 members, be used to collect radiation data which then could be published.

The Czech resolution says the radiation committee is "systematically" carrying out its work according to plan and will present its next comprehensive report in due course—about a year from now.

Tremblay said: "It is difficult for my delegation to understand how the distinguished representative of Czechoslovakia could suggest, as the resolution submitted by his delegation does, that despite the present disturbing circumstances we should treat

this item concerning radiation hazards in a routine and, indeed, almost casual manner."

Tremblay spoke of increased apprehension in Canada since the Soviet Union early in September resumed nuclear tests in the atmosphere. He reiterated that radioactive fallout increased by 1,000 times over Toronto following the resumption of atmosphere tests.

"It is true that Canada is one of the countries geographically located in the latitudes which seem to have received some of the heaviest concentrations of radioactive fallout. . . . It is not only ourselves and our children who face the consequences of ever higher levels of radiation; generations yet unborn also may suffer, to an extent which is not now possible to measure."

### Negroes Rush to Beat U.K. Immigration Ban

LONDON (Reuters)—Nearly 1,000 West Indian Negroes arrived in London Sunday in the first indication of an expected rush of newcomers before Britain clamps down on Commonwealth immigration.

The immigrants arrived on boat trains at London's Waterloo station. Relatives and friends crowded the platforms to greet them.

Legislation to change Britain's traditional "open door"

immigration policy is expected to come early in the parliamentary session opening Oct. 31.

Last year 52,000 West Indians arrived in Britain. There also has been an increase in immigration from India and Pakistan.

Current speculation is that Britain will bar immigrants who do not have a job already promised here, plus those with criminal records.

### Tax Boost to Cut Hospital Premiums

WINNIPEG (CP)—Premier Duff Roblin today proposed increases of one per cent in personal and corporation income tax paid in Manitoba to bring about a reduction in premium rates for the provincial hospital insurance plan.

Mr. Roblin, who is also provincial treasurer, made the proposals at the opening of a special session of the Manitoba legislature.

The session was called to introduce legislation in line with the new federal-provincial agreement to allow provinces to enter the income tax field.

Premier Roblin said the tax increases would allow the

province to reduce premium rates to \$4 from \$6 for families and to \$2 from \$3 for single persons.

The Progressive Conservative premier said that while the income increases would not go into effect until Jan. 1, 1962, the reduction in the monthly premium rates could be made retroactive to July of this year.

Any citizen paying the previous rates since July would be entitled to a refund of the difference.

The one-per-cent personal income tax increase was expected to bring in \$5,250,000 while the corporation tax increase was expected to bring in \$1,333,000 in new revenue.

## 'PRIMITIVE' NIGERIA STUDENTS PROTEST

# Peace Corps in the Glue Over Dropped Postcard

IBADAN, Nigeria (AP)—A postcard that went astray has given the American Peace Corps its first black eye in the field.

Nigerian university students demanded Sunday that the corps unit sent to teach Nigerians be expelled because of criticism of primitive living conditions in this year-old African republic written by a girl in the group.

Her postcard home, dropped accidentally on the campus, stirred 1,000 students at Ibadan College to an angry demonstration denouncing the American volunteers as "agents of imperialism."

"thoughtless card" and offered to resign from the corps.

Peace Corps Director Sargent Shriver said in Washington he talked to the Nigerian ambassador.

"He did not seem disturbed. He said it was the type of thing you could expect in this

kind of operation and I agreed with him."

The anti-American demonstration was organized after someone was reported to have found on the campus grounds the postcard that Miss Michelmores had written to a friend in Boston reading:

Folks from b'hind th' iron curtain don't seem t' hev th' kind o' lives they want t' save from fallout.

Havin' fumbled th' signboard regulations, will council also miss th' writin' on th' wall?

Give a welcome t' th' United Appeal canvassers. They're th' nicest people in town.

"With all the training we had we were really not prepared for the squalor and absolutely primitive living conditions rampant both in the cities and the bush."

"We had had no idea about what 'underdeveloped' means. It really is a revelation and once we got over the initial horrified shock, it is a very rewarding experience. Everyone except us lives in the streets, cooks in the streets and even goes to bathrooms in the streets."

The postcard was copied and circulated among the 1,500 students here by the Ibadan University College Students' Union, which described her comments as "damaging to our country."

LEAVES THE COLLEGE Before the student rally got

under way on the campus, Miss Michelmores left the college where 37 Peace Corps members are training for teaching assignments.

Visibly upset on arriving in Lagos, she said she had written the university authorities: "I understand and appreciate the sense of insult and offence Nigerian students may well be feeling. I would have the same reaction were I in their position."

"I came to Nigeria with high anticipation, interest and goodwill and I have been very happy here. I would not wish my mistake would affect the work of my colleagues and friends in the Peace Corps."

Shriver said no action has been taken on Miss Michelmores' offer to resign but that she is free to quit at any time.

MARGERY MICHELMORES

## V.O.W. TRIP

Continued from Page 1  
met with the cabinet and made a plea for a World Peace Year. The idea will go before the Voice of Women provincial conference in Vancouver Oct. 27-28 with the suggestion that Russian speaking Canadian delegates operate a booth at the trade fair in Moscow.

### NO GOOD

Mr. McCloy, however, with his close knowledge of the Russians derived from four years as U.S. High Commissioner in Germany and several long conversations with Premier Khrushchev on disarmament, could see no useful change in the situation resulting from the VOW plan.

He added that it was not only women who were mistaken about the means of achieving peace, but also many world statesmen.

"Much more than carrying banners or mouthing phrases is needed to reach agreement," he said.

However, Mr. McCloy was not pessimistic about disarmament.

### 'NOT FOOLS'

Referring to the Russians, he said: "They're fools if they don't realize we are now treading a very dangerous path. But in spite of some of their actions they are not fools."

The Russians are well aware of what a thermo-nuclear war would mean, but their abhorrence of any true concept of disarmament inspection or submission of any vital interests to international arbitration made it difficult to reach understanding.

This became very evident, Mr. McCloy said, in his most recent discussions with

Khrushchev who received him in a "most hospitable and cordial manner."

In a day-and-a-half of talks with the Soviet leader disarmament progress was always halted by the inspection problem.

The Russians were willing that a disarmament commission should inspect a specific factory to see that it was not turning out arms. They would not allow a form of inspection that would guarantee that some other factory in a different region was not turning out arms.

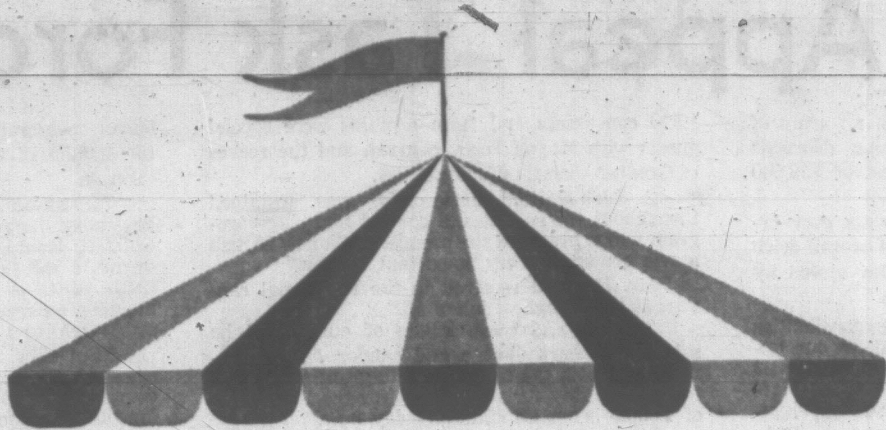

On the Berlin crisis, Mr. McCloy said he was still keenly interested in the problems of Germany where he had spent so many years defending and preserving liberty.

But he did not believe it was his place to offer advice or comment on the present situation while negotiations were still going on.

He did say, however, that the walling off of East Berlin by the Communists had been over-emphasized as a critical phase of the Berlin crisis.

"Erection of the wall," he said, "actually introduced an element of reality by forcing recognition of an already existing situation."

Mr. McCloy, who retired last December as chairman of the Chase Manhattan Bank, is now practising law in New York. His work as special adviser to the president was terminated when Congress recently provided for a commission on disarmament, but he is still designated as a presidential consultant.

### STORY REPRINTED

## Druggists Refuse To Sell Paper

CHICAGO (UPI)—Chicago's American today reprinted an article from Sunday's editions because, the newspaper said, some druggists refused to sell the Sunday paper.

The druggists objected to a story about drug pricing. The story told of a "sweeping revolution in retail drug merchandising" which has driven prices down.

The story, by Effie Alley, said, "In the Chicago area it is estimated that no less than 100 places where drugs can be bought at cut rate have sprung up in the last year."

"Discount houses and supermarkets are opening prescription departments. Others are planned, 40 reportedly by a firm with a great reputation for merchandising in other fields."

Carltons do-it-yourself dry cleaning is safe and sanitary—easier than washing at home. Bring slipcovers, drapes, car coats, sweaters, slacks, skirts, dresses, children's clothes. Cleaning is completely automatic. Special solvent cleans every fibre... dissolves every bit of dirt. Your clothes are deodorized with fresh, warm air and come out immaculately clean, bright and ready to wear with little or no pressing.

A skilled Carltons Counsellor is always on hand to answer every question and show you how easy it is to dry clean your clothes.

YOU CAN SHOP WHILE YOUR CLOTHES OR DRAPES ARE BEING CLEANED—OR RELAX IN OUR COMFORTABLE LOUNGE. LOTS OF FREE PARKING... RIGHT AT THE DOOR.

PEARSON PUSHES RIGHT OF APPEAL

# Arbitrary Moves 'Top Issues'

Liberal leader Lester B. Pearson Saturday called "a plague on both your houses" for B.C. and Ottawa government hydroelectric power policies.

He added: "That I can assure you does not make us opponents of public power."

Earlier the convention passed a resolution calling for renegotiation of the Columbia treaty.

The treaty in its present form, said the resolution, "will be disadvantageous to consumers in this country."

It should be renegotiated "at the earliest possible opportunity." The renegotiation should leave Canada free to divert large amounts of water on the Kootenay River and lift construction deadlines from the three dams to be built at Mica Creek, Duncan and Arrow Lakes.

He likened it to the Conservative tariff bill which gave a federal minister an arbitrary power of decision without appeal.

There had been a suggestion that the Senate's blocking of this bill would trigger an election.

"I can't think of a better issue for Liberals to fight on than restoration of right of appeal from an arbitrary decision by a minister," he said.

"No government has the right to confiscate any man's property by arbitrary procedures without appeal," he said, referring again to the B.C. Electric.

This stand drew opposition anyone to sue the crown. This would solve the B.C. Electric appeal as shareholders would not be refused the right to sue.

**ENTHUSIASTIC** Liberals greeted national party leader Lester B. Pearson Saturday afternoon as he arrived at the Empress Hotel to address B.C. convention windup banquet. Mr. Pearson, accompanied

by executive assistant Richard O'Hagan, was escorted by a mortorcade with honking horns and signs saying "Mike's Back in Town." The Liberal leader left Sunday for Winnipeg.

## COUNCIL LIBERALS SHUN BIG SPENDER

Continued from Page 1

neither be restrictive nor discriminatory, it would make provision for other free countries that would accept the conditions of entrance."

But the Conservative government has followed a "negative, carping critical approach."

The Conservatives had always been the most faithful upholders of the glory of the Commonwealth, and yet when there is an opportunity to help the Commonwealth by offering it new trade ideas all they do is preach and threaten, he said.

Mr. Pearson scotched the idea that Liberals would stifle the entry of U.S. and foreign capital into Canada.

### KEEP MOVING

"While we would not give advantages of any kind to foreign capital over Canadian capital, we would certainly not attempt at this time to discourage the entry of foreign capital."

It was needed to keep Canada moving ahead.

But, he pointed out: "If we can't take care of our own affairs, if we allow foreign capital to dominate our country, we're not likely to survive as a nation anyway."

An immediate Liberal action would be to accept full responsibility for monetary policy while delegating its implementation to the Bank of Canada, said Mr. Pearson.

### TOUGH BATTLE

That would avoid the "humiliation" which recently occurred in Ottawa, he said, an indirect reference to the firing of bank governor James Coyne.

Mr. Pearson said he is convinced the Liberals will form the next federal government, but he warned that the party will face a tough battle in B.C. where, unlike Eastern Canada, there is stiff competition from what he called "minority parties with special cases to plead and with some special local strength, but with no hope or indeed no risk of forming a government."

That called for a special effort and for getting across the message that the party offered responsible policies and high standards for economic recovery.

## 'Dark Horse' Lawyer Wins With Low-Key Campaign

Penticton lawyer Bill Gilmour jumped from "dark horse" to the winning post here Saturday as B.C.'s Liberal party elected him president.

It was not until the last few hours before the election that Mr. Gilmour emerged as a front runner in a hard-fought campaign that brought the party convention to life.

The contest had all the trimmings of a U.S. presidential nomination as wealthy Vancouver contractor Hugh Martin rode into the Empress Hotel on the crest of a win-or-bust burst of enthusiasm.

Third candidate, Vancouver lawyer Jack Taggart, who had the initial support of most Victoria and Vancouver Island delegates, was eliminated on the first, but inconclusive ballot.

### BIG MARGIN

Mr. Gilmour swept the second ballot at an afternoon session by a huge margin, although actual figures were not released.

The amazing thing about the election, said local Liberals, was that three men were interested enough in the future of the party to wage such a vigorous campaign.

Usually the president is very much a "back-room boy." But for three days at the Empress Hotel, the campaign for this office was waged right out in the open.

Mr. Gilmour maintained his

victory was strictly a "grass roots" enthusiasm.

While Mr. Martin poured on the pressure and the favors early in the convention, Mr. Gilmour waged an unobtrusive but effective campaign based on the need for effective local organization.

"I'll be open to suggestions from anybody at any time," he promised the convention after his election.

Mr. Martin was afterwards elected first vice-president, Mr. Taggart second vice-president. Young Liberal president Mike Jeffrey, and Mrs. Lillian Lancaster of Chilliwack, were also named vice-presidents.

Mr. Gilmour, 40, was a submariner in the Second World War, who returned to open an Okanagan law practice. He has been given a year's leave of absence to make the presidency a full-time job.

After that, he said, "I'll stand again on my record."

He was formerly a vice-president of the Liberal Association, and he ran as a federal candidate in 1958 in the Okanagan-Boundary riding.

His trademark during the convention was an apple—in fact cases of them, which he distributed to delegates outside the Crystal Ballroom.

## Visitors From China

A DELEGATION OF 13 COMMUNIST officials from China has been warmly welcomed to this country by the Canadian government. These gentlemen are not here for their health.

They are here to find out how China can sell more goods to Canada and perhaps, though no one says this out loud, to find out Canada's real political attitude toward their unrecognized government. (In the sheer phantasy of international relations nowadays we recognize and welcome the government's officials, who have bought huge quantities of our grain, but not the government which supplies the money.)

The prospects of a large Canadian market for Chinese goods must appear pretty bleak to the visiting Communist trade experts. Last year we bought only \$6 million worth of Chinese goods and sold \$9 million worth to China. Our imports were mainly peanuts, walnuts, rice and cotton goods. There is a limit, and a small one, to Canadian's appetite for these foodstuffs and our government is desperately trying to hold down textile imports from all foreign countries.

Nevertheless, Mr. Hees, the perennial optimist of the federal government, is hopeful, as he used to be in the case of trade with Cuba. Having examined the statistics, the minister of trade and commerce says few of China's potential exports to Canada would compete with Canadian goods.

If our future trade with China is to be non-competitive it certainly will be small. To be worth while from China's point of view it must involve sharp competition, as we have found in the case of our large and profitable trade with China's dynamic neighbor, Japan.

At the moment China is a major market for Canadian grain, on which it agrees to spend \$400 million in a period of 30 months. But this is a temporary windfall only, from the ill wind of Chinese famine which has blown some good to Canada.

Selling about \$6 million's worth of goods here, annually, China will not and cannot maintain massive

imports from us for long. As Mr. Hees says, China must earn hard money here if it is to buy here and the chances of earning it are not good when the Canadian government is trying to reduce imports from everywhere.

Already, for example, the government has forced Japan to accept "voluntary" export quotas in its Canadian trade, though Japan has become one of our largest and most reliable customers and buys here far more than it sells.

By an odd coincidence, the plane which brought the Chinese delegation to Vancouver also carried the new Japanese ambassador, Mr. Hoshikawa Ushiba, though he discreetly ignored his fellow passengers.

Mr. Ushiba's main assignment at Ottawa, we may be sure, is to obtain a larger and fairer market for Japanese goods in Canada.

Japan resents the fact that its goods are singled out for special restriction and discrimination, applied to those of no other nation. It would resent still more any specially favorable treatment of goods from its communist competitor, China.

Canada's discriminatory treatment of Japanese imports is an increasingly sore point in Tokyo when Japan, for the first time in recent years, finds its total trade falling into deficit, its currency reserves shrinking.

For all these reasons the Canadian government's make-shift and contradictory policies toward Asiatic markets cannot hope to build up the volume of trade our exporters require, particularly the exporters of British Columbia, as Mr. Williston rightly says.

In the case of China we cannot hope to retain even the grain markets we presently enjoy for long. If the government is serious about developing permanent trans-Pacific trade—as it certainly should be when our existing European markets are in a precarious state—then there will have to be a change of policy. We shall have to buy more of Asia's goods if we are to sell more to Asia's teeming population.

## He Still Misses the Point

ALDERMAN THE REV. DR. Lewis McLean has attempted to reply to critics of his jobs-and-religion stand and has missed the whole point of the criticism.

The point is not whether he, a Presbyterian minister, is prejudiced against other denominations or other races. The point is that an applicant for a job should not be

asked to state his religion.

Far from recognizing that fact, the alderman stands by his approval of the questionnaire, saying "that these questions (on race, religion, color or ancestry) have proved useful on occasion."

Applicants for jobs on the city payroll should be judged on character and ability, not on religion.

## Closing the Door Too Late

THE CITY COUNCIL HAS watched the horses it was supposed to hold gallop from the barn and has now decided to close the door.

If there is another metaphor to describe plans to amend Victoria's sign bylaw, it escapes us at the moment.

The specific section of the bylaw to be amended is that which fixed no limits on signs for the region adjacent to the Empress Hotel and Thunderbird Park on the understanding that the council would keep this area free of objectionable displays. Specific limits were set for signs in other parts of the downtown area. None was required in the special area, according to the original concept, as long as the

council acted as watchdog.

As events have transpired, the watchdog was a dormouse. Signs went up, not unnoticed, but with council's blessings. As a result of the public outcry, the council now intends to fix limits in the area it was supposed to guard.

In future, we may expect further amendment when somebody wants something beyond the limits the new clause sets.

When it comes to the sign bylaw in its many drafts and alterations, the council has set a record for inconsistency.

As far as the "protected" area is concerned, we will have no signs at all, except those that have been installed and some more when application is made for them.

COULD WE TRY IT TOO?

## Eyes They Have, But Diplomats See Not

THE average newspaper reader must long ago have begun to wonder if statesmen and diplomats are troubled with bad eyesight.

They seem to have so much difficulty in recognizing each other. Some countries seem to be mistook over, or the light isn't quite right on them, or something. Anyway, they are easily recognizable to some neighbors, but cannot be recognized at all by others. But the odd thing is that, even though a country may not be recognized it can still be talked to, be bought from and sold things to. You can even go and visit it and bring back souvenirs.

But if you passed it on the street, or even sat next to it in a meeting, you wouldn't recognize it at all. It's all very hard to understand.

You may have noticed when the Syrian government was overthrown the other day that some countries hurried to recognize the new regime. But others haven't recognized it even yet.

Syria's been around for quite a while. You'd think everybody knew its looks by now. But the statesmen and diplomats are very forgetful, apparently. They can remember names but they forget a face.

Lots of countries don't recognize China yet. Of course China keeps making some pretty awful faces and may be hard to recognize for that reason. But you'd think by now it was fairly familiar.

Tobin

One afternoon, at a garden party, they pass within eighteen inches of each other. Watch their faces as each looks through the other—cold, remote, oblivious. That, sir, is non-recognition.

Or consider the case of the fellow who comes out to his parked car to find a constable writing him an over-parking ticket.

"Why, Bill, old pal," he cries. "Are you writing me a ticket? Me, your old school pal? Why, I used to go to Central with you, Bill. Remember the good old days in Grade 7? And all these years we've been seeing each other? And you're writing me a ticket? Don't you know me, Bill?"

But Bill goes on writing the ticket. He's just plain poor at recognition.

## There's Hope if the Readers Think

(New York Times)

THE army of economists and statisticians that keeps tirelessly watch over our economy has come up with a momentous finding: Consumers—that is, all of us—are spending relatively more dollars on intangible services and relatively fewer dollars on tangible goods.

The doctor, the beautician, the man who will wash our car in a jiffy with the help of a machine that looks as though Rube Goldberg invented it, are among the beneficiaries of this trend. People engaged in such relatively pedestrian activities as producing food, clothing, and automobiles have had to watch their share of our spending go down.

None of this will surprise any alert citizen who has been watching what goes on around him. In the relatively affluent society most of us enjoy, basic wants have become relatively easier and cheaper to satisfy.

This means there is more money left for recreation, for travel, for improving our personal appearance, and so on. There are not as many maids

and butlers as there used to be, but their disappearance is counter-balanced by our growing dependence upon the gentlemen who fix the increasingly complicated gadgets with which we are surrounded—the automobile mechanics, the washing machine repairmen, and their colleagues.

The Spartans among us may view this new pattern with alarm. They will argue that much of this increased spending on services is on non-essentials. Is this the way we should behave when our survival is threatened by a nation whose consumer services are notoriously deficient?

But even the Spartans may find some cause for cheer in our new spending pattern: one of the few kinds of material objects on which we are spending more relatively than we used to is books. Even a Spartan should see a glimmer of hope for a society whose relative spending on books has gone up since 1953 from one-third of a cent out of each dollar to a half cent. Somebody is reading—and maybe thinking.

## New Look

Or take East Germany. Some countries wouldn't even recognize East Germany if they met it at a border checkpoint. Perhaps some day, when the checkpoints aren't crowded with Russians, the East Germans may be more recognizable. They'd be more easily recognizable if they didn't keep acting and sounding like Russians.

But it's a pretty handy gimmick at times. It's a wonder the practice hasn't been more widely used in private affairs as well as in the diplomatic world.

Consider Joe and Tom, for instance, meeting on the street.

"Hi, Joe."

"How's things, Tom?"

"Fine. Fine. Sure enjoyed that little party at your house the other night."

"It was nice to have you over, Tom."

"Guess I'll see you at bowling tomorrow night!"

"You sure will. Say, by the way, I forgot to bring my wallet with me today. Could you lend me ten dollars?"

"Sorry, Joe. I'd love to do it, honestly. But, you see, I don't recognize you."

Some of the ladies have perfected the idea long ago. Take the case of the one who beat out her neighbor for the presidency of their club. The loser has been spreading a few remarks around the neighborhood, and these have come to the ears of the new president.

## Our Files

Oct. 16, 1901—It has been predicted that the extension of the naval and military fortifications at Esquimalt will ultimately involve the evacuation of the district.

Oct. 16, 1921—International trustee Edmund F. Arras of Columbus, Ohio, today gave an impassioned address at the second business session of the Kiwanis Convention, opened this morning in the Empress.

Oct. 17, 1941—George Grexton, one of Victoria's half dozen centenarians, celebrated his 103rd birthday today.

## As Our Readers See It

### Come Again

From the "City of Roses," Portland, Oregon, we of the Buckaroo Boosters wish to thank all of the lovely people of your beautiful city, Victoria, for the friendliness and hospitality you have shown toward our group.

We visited your city on Sept. 30 of this year to see our beloved Portland Buckaroo hockey team in an exhibition game at your Memorial Arena. With our badges glistening on our lapels, and air horns, noisemakers of all kinds and large cowbell in hand, we invaded the arena and became the object of questions from a number of people, who must have wondered who and what we were. We soon made it known.

We hope we didn't bother anyone too much but our Bucks, though they didn't score, knew we were there and that we were behind them all the way.

Thank you again, "People of Victoria," for your friendship to us.

JANET DAVIS.  
Corresponding Secretary,  
Buckaroo Booster Club,  
Portland, Oregon.

### Fair Employment Act

This is an open letter to Ald. Mrs. Lily Wilson, Ald. Geoffrey Edgell, Ald. M. H. Mooney, Ald. Rev. J. L. W. McLean, and Ald. Arthur Dowell. (Because of their recent action in voting to retain on the city application forms questions concerning the applicant's religion or racial origin.)

The question as to who first raises the question of religious or racial discrimination at the city hall is irrelevant. The facts are these: The City Council of the capital city of British Columbia, in October, 1961, refuses to bring their employment practices in line with the 1956 B.C. Fair Employment Practices Act.

I would suggest that your actions and public statements have done little to enhance the reputation of the Victoria City Council.

MRS. B. LEVITZ PACKFORD,  
152 Cambridge Ave.

### In Error

John Kenny Strahan (Victoria Daily Times, Oct. 3) is mistaken in saying Bertrand Russell was imprisoned for his protest for peace. The fact is he and others with him were gaoled for sitting in the street, refusing to budge when asked to do so by the police and thereby causing an obstruction.

The police do likewise in Canada. J. K. S. errs again in his thinking free speech and democracy don't exist in Britain. Government is still elected there by the people and the British Isles are noted for being extremely tolerant of all shades and hues of thought spoken out loud, including criticism.

JOHN BARRATT RIPPON,  
4452 Casa Linda Drive.

### Noxious Fumes

Doctors warn us of the danger of excessive cigarette smoking. They point out the grave increase in the incidence of lung cancer. Yet the consumption of tobacco goes up every year. In the U.S.A. a careful estimate shows that some 505 billion cigarettes, plus about 7.2 billion cigars will be smoked this year. In almost all public places non-smokers are met with clouds of tobacco smoke. In my favorite cafe I often feel inclined to turn to my neighbor and say: "Do you mind if I eat my lunch while you smoke?"

But there is another far more subtle and dangerous form of air pollution which is increasing by leaps and bounds. I refer, of course, to the countless thousands of those open sewers, automobile exhaust gases. As one of the very few remaining adult cyclists I get the full blast of the carbon monoxide and other imperfectly combusted gases which pour from every car, truck and bus. Particularly at stop signs these automobiles stop and the noxious gases are spewed forth in clouds, especially when the engines are "revved" to overcome the inertia of the stopped automobile. How many lovely May mornings have been ruined for me through having to breathe this filth. Canadian car drivers sit in closed cars and are completely oblivious of this peril.

I am now an old man of no importance, but what of the young people going to school every day on their bicycles? They too are directly behind these cars, trucks and buses, inhaling these harmful fumes which are likely to be quite as harmful or more so, than cigarettes and pipes. Doctors are beginning to understand that the exhaust gases from the ever-increasing number of automobiles are quite as likely to produce lung cancer if inhaled over a considerable period.

It is certainly something to think about. Our health is by far our most precious asset. Think of a car running in a closed garage. How very quickly it kills anyone in that garage. That should be proof enough of the extreme danger inherent in car exhausts.

JOHN KENNY STRAHAN,  
PO Box 84, Victoria.

## What They Said and What They Did: It's Time to Eat Crow and Humble Pie

THE Social Credit government's record on power shows it has completely reversed the stand made publicly many times by Mr. Bennett and his ministers. Mr. Robert Strachan, leader of the Opposition, has gathered the following quotations giving chapter and verse on the government's total switch in opinions and policies:

### Premier Bennett:

October 31, 1958, Victoria Times.  
Social Credit Convention.

"To take over the B.C. Electric at today's valuation would cost over \$500 million. We would have to pay 5% or 6 per cent for that money. To put up sinking funds and depreciation funds we'd have to increase rates and not create a single job."

The premier said his government wants to create new jobs by developing the Columbia hydro. "We have a better use for our guarantees elsewhere," he said.

January 20, 1960, Victoria Colonist.  
Premier Bennett said yesterday there will be no backing out by the Peace River Power Co. on its commitments to develop the hydro potential of

the Peace River. "The agreement of intent which was signed is definite and is binding," the premier said. "The government position was clear cut and constant from the start."

August 23, 1960, Vancouver Sun.  
Bennett also said he has the greatest confidence that the Peace River power development would go ahead. "There has never been so much work done so quickly. They wouldn't be spending these millions if they weren't confident of going ahead."

August 25, 1960, Prince George Citizen.  
Referring to Peace River development, "In all history there never was an agreement so good for the people." "How pleased I am to see them come here," he said of the Peace River power promoters.

"I am confident they will go ahead because if they don't they will lose their money and we won't bail them out." "Never did a company move so fast. I have confidence and Williston has confidence in the economy of this province."

August 27, 1960, Victoria Times.  
"We'll never bail them out," he promised about the Peace promoters. "They're using the one great right of

private enterprise to make a profit by their own judgment. The other great right is to go broke."

### Attorney-General Bonner:

May 31, 1960, Victoria Times.  
To whip the Wenner-Gren interests was not "fair play." "They have been, in effect, many months ahead of any undertaking," said Mr. Bonner.

"They have literally spent millions on purely exploratory work." "In recent time we haven't seen such a group in the province with such great willingness to explore new frontiers," said Mr. Bonner.

August 18, 1960, Victoria Times.  
Bonner blasted as "irresponsible" the statement by CCF leader Robert Strachan that the socialists would take over the B.C. Electric in six months if elected.

"It would be most irresponsible to use public credit to take over an industry which will not provide one more job. Credit should be applied in a social way, to provide more jobs, more development and more expansion. If public money was used to buy the B.C. Electric or any other utility it would

set the development of the Columbia back many years. We need \$1,200,000,000 to develop the Columbia. If this government is going to apply its credit it is going to apply it to the Columbia."

Mr. Bonner also charged Mr. Strachan's "takeover utility" plan "would set B.C. back 30 years and would stunt the capital inflow into B.C. of \$1 billion per year for the last five years."

September 8, 1960, Victoria Colonist.

Mr. Bonner said the CCF has conducted a campaign largely against business and industry in the province with the promise if not the threat that it would take over the largest power utility company.

He said it would tie up at least \$600 million to buy up the B.C. Electric if the CCF was elected and kept its promises, but would not provide one new job except perhaps some for politicians.

### Minister of Mines Kiernan:

November 23, 1959, Vancouver Province.  
Mr. Kiernan was replying to claims that B.C. would develop the proposed 4,000,000 h.p. project and not leave it to private companies such as Peace River Development Co.

"In the first place it will cost between \$300,000,000 and \$400,000,000 and there is no assured market for the power. The government is not in a position to finance that project alone when we are already committed to develop the Columbia," Mr. Kiernan said.

November 26, 1959, Victoria Times.

Power development of the Peace will cost \$360,000,000 before it will yield five cents—and that's one reason why the government favors private rather than public development with the project. Mines Minister Kiernan said Wednesday: "With the commitments we have such as the B.C. Hydro and the P.G.E. we can't put up the money."

August 16, 1960, Victoria Times.

"Government should stick to the business of government and not take over resources development unless it is necessary to provide essential services."

August 25, 1960, Cowichan Leader.  
Referring to the Peace River development:

"It would not be the government's responsibility to raise the money, but the promoters' task," Mr. Kiernan stated. He said that with their present liabilities, B.C. Hydro could not take on the additional development and expect the light and power users to pay for it. Capital had to come from elsewhere. The Columbia would occupy all the technical and financial ability of B.C. Hydro; in the meantime private capital would be used to develop the Peace."

### Minister of Recreation and Conservation Earl Westwood:

August 25, 1960, Victoria Times.  
Westwood said, "If the government took over the telephone company and developed the Peace River as the CCF wanted it would cost the people about \$2 billion."

"It would also cost the province about \$100 million in debt charges. Don't you think it's better for industrialists to develop the country than for us to spend these fabulous sums?"

## What Causes Dropsy?

Dropsy is a layman's term for what we doctors call edema or the presence of an abnormal amount of fluid in the tissues. Sometimes the fluid is in the abdominal cavity or around the testicles. Sometimes it is in the cavity of the chest. In cases of children suffering from a peculiar disease called nephrosis, the child will look almost as if he were in a diving suit. Even his face and his neck will be bloated with fluid.

Alvarez

In most cases, however, the edema shows up only in the ankles and legs. Sometimes it shows up only in the late afternoon or evening and is gone in the morning. This is because when the body is horizontal the watery fluid in the tissues flows back more easily toward the heart, and is then cast out of the body through the kidneys.

One of the commonest causes of the swelling of the legs is the failure of the veins to keep pushing the column of blood up toward the abdomen and the chest and the heart. Normally, the veins in the legs have many little valves in them which help in this process. In older persons with distended veins, these valves no longer close well, and partly as a result of this, the ankles swell. Sometimes when this swelling does not quite go down at night all the person has to do to get more relief is to put a bolster or a couple of pillows under the lower end of his mattress, and in the morning his ankles will be normal.

There is another type of disease in which the cause of the marked swelling of the legs is not in the veins but in what are called the lymphatics, which are tiny vessels containing a milky fluid. Probably in many of these cases a person inherits abnormal lymphatic vessels. At any rate some women develop what they call "piano legs" or great big legs. In rare cases the enlargement will be only in one leg. Unfortunately, I know of no good cure for these unhappy women. Operations have been devised to take out the swollen tissue, but after removing this, it is not easy to make the skin stick properly to the muscle beneath, and hence surgeons are not keen about performing the operation. I know of no medicine that will cause the fluid to go away.

A common cause of swelling of the legs during the day is a failing heart which is not pumping the blood around as it should be doing. In other cases the trouble is with the kidneys. And in a few cases it is due to a severe anemia or a thinning of the blood. When blood becomes very thin some of the fluid in it is likely to go out through the walls of the tiny vessels and into the tissues around them.

In some parts of the world people who are badly undernourished will get dropsy because there isn't enough protein and veins in their blood to hold back the arteries and veins the water in the blood. A common cause of a swollen leg and thigh in a woman is what is called a milk leg. After a child is born a woman may get an infection of a big vein and this causes more or less plugging up of the vein. Such a woman, for the rest of her life, may have to wear an elastic stocking or an elastic bandage.

Some people who have a bad swelling of a leg tell me that it followed a fracture which they once had through one of their ankles. Rarely I have seen swelling of the legs due to a bad case of athlete's foot. Apparently the mold which was ulcerating the skin between the toes got into the tiny lymph channels and blocked them. At any rate, as soon as the athlete's foot was cleared up the swelling left.

### CIRRHOSIS OF THE LIVER AND ALCOHOL

At a recent meeting of the stomach specialists of America, Dr. Gerald Klatskin, of Yale, said that although cirrhosis or hardening and shrinking up of the liver is seven times as common in alcoholics as in non-alcoholics, only one out of 12 chronic alcoholics gets cirrhosis of the liver. When he does, there may be another factor at work. Many persons with cirrhosis probably got the disease as the end-result of a serious serum hepatitis—an infection of the liver with a virus. Dr. Klatskin rejects the theory that the skid-row bum gets cirrhosis, not because of his drinking but because of his failure to eat much. My friend, Professor Kark, of Chicago, examined many skid row hard drinkers and had trouble finding signs of either cirrhosis or an avitaminosis (disease due to lack of vitamins) due to lack of eating proper food or enough food. Dr. Klatskin looked for the alcoholic type of cirrhosis among persons suffering greatly from malnutrition and did not find it.

## HOME GARDEN

By JACK BEASTALL

### Plant Labels Can Be Lethal

When a plant is purchased for the garden it usually has a small paper or wooden name label wired to the main stem or to one of the branches.

These labels are used to identify the plant while it passes through many hands in the nursery where it was grown and for your convenience in checking when it is picked up or delivered. The labels are not meant

to be permanent name markers for the plants.

When plants are received and have been well and truly planted, the wired labels should be removed, and a painted permanent label placed beside the plants if a visible record is desired.

The names of the plants, their location in the garden, the price paid, the name of the supplier and of planting, should be recorded in the garden notebook and marked on the garden plan.

Should the pressure of other business make it necessary to leave the label attached to the plant for a short time, unwrapping

the wire and loop it loosely around the stem or a branch.

Remove the tags entirely as soon as possible, otherwise the wire will cut into the bark or tissues as the plants increase in size and the food supply to the portions beyond the label will be reduced and finally stopped.

Many complaints that a portion of a plant has died have been traced to an overlooked label. Check all your recently-acquired plants, and the older ones too, so that no labels are missed.

In a plant nursery you will hear it said a dozen times a day, "Watch those labels!"

## WEATHER SYNOPSIS

**CITY'S WEATHER RECORD**  
Sunshine, 1961 — 2,018.9 hrs.  
Last year — 1,974.9 hrs.  
Normal (30 yrs.) — 1,997.4 hrs.  
Precip. to date — 20.93 ins.  
Last year — 15.00 ins.  
Normal (30 yrs.) — 16.68 ins.

**SYNOPSIS** — Cold air from the ocean pushed into south-eastern B.C. this morning, bringing to an end the period of unseasonably warm weather which persisted over the weekend. Rain is falling in many areas as the colder air moves in and winds have been quite gusty.

A ridge of high pressure building in over the north coast will move rapidly into the province to give clearing this afternoon. However, the improvement will be short-lived as another fast-moving disturbance moves toward the northern coast. This system will expend most of its energy over the northern half of the province, giving little but cloud to southern areas Tuesday.

**DOMINION PUBLIC WEATHER OFFICE**  
9 A.M. FORECASTS  
Valid until midnight Tuesday

**Victoria:** Small craft warning continued for Juan de Fuca Strait. Cloudy Tuesday. A little colder tonight. Winds southwest 25 becoming light by evening. Low tonight and high Tuesday 43 and 52.

**Vancouver:** Small craft warning continued. Cloudy Tuesday. Colder tonight. Wind west 20, becoming light by mid-day. Low tonight and high Tuesday 40 and 52. Nanaimo 35 and 55.

### SCHOOL VOTE CONFIRMED FOR OCT. 28

Ratepayers in School District 61 vote two weeks from today on a \$375,000 building bylaw to keep up with the demand for space.

Oct. 28 was confirmed Friday as the ballot day, following a brief meeting of school trustees.

Based on a capital region planning estimate, the area will need more than 400 new classrooms within the next 15 years.

In the past 10 years school enrolment has nearly doubled to a total of 23,000, school board chairman W. C. Gelling said.

**West Coast:** A few clouds tonight, becoming cloudy by morning. Light rain in northern sections. Colder tonight. Winds light becoming southerly 15 Tuesday, occasionally reaching 25 in northern sections in the morning. Low tonight and high Tuesday at Estevan Point 45 and 53.

### TEMPERATURES YESTERDAY

### Clothier's Funeral Wednesday

James Moulson Smith, a veteran of the First World War, died Sunday in the Royal Jubilee Hospital.

Mr. Smith served overseas with the 67th Battalion Western Scots and was a life member of the Army, Navy and Air Force Veterans Association.

Born in New Brunswick Mr. Smith lived in Victoria from 1918 and made his living in the clothing business. He resided at 204 Cook Street.

He is survived by the widow, Maud, of Victoria, a sister, Mrs. Nelle Hatt of Victoria, numerous nieces and nephews in B.C. and Ontario, and relatives in New Brunswick.

**FUNERAL WEDNESDAY**  
Mr. Smith was a member of the Vancouver and Quadra Lodge No. 2 AF and AM, and the Royal Arch Masons and Western Preceptory.

The funeral will be held Wednesday at 3.15 p.m. at McCall Bros. Funeral Home, Rev. G. D. Kendall officiating. Interment will be in Hatley Memorial Gardens.

## TODAY'S BEST FROM EUROPE

AUSTRIA Heinz Bren

HEINZ BRENN

"Heinz, I want you to meet my father!"

## Delegates Arriving For Communist Meet

MOSCOW (Reuters) — Delegates arrived today from abroad and from the remote corners of the Soviet Union for the opening Tuesday of the 22nd Communist party congress.

Some 4,500 Soviet delegates and representatives of 30 foreign countries are expected to be in their seats in the new Kremlin congress hall to hear Premier Khrushchev report on international and home affairs Tuesday.

The speech was expected to produce an outline of Soviet thinking on Berlin and on other world problems in the wake of recent East-West contacts.

On the second day of the congress, Khrushchev is expected to present his program for building a Communist utopia in the Soviet Union in the next 20 years.

Top Communists from Soviet bloc countries have been arriving here for the last few days.

Foreign reporters here were told unofficially they would only be admitted to the first day's proceedings.

## BURNS & SCALDS

heal quickly with **Zam-Buk**

Treats cuts and bruises quickly and safely... Relieves insect bites, wounds, minor burns and scalds swiftly... Whatever the trouble, you can rely on Zam-Buk to help you. It is an all-purpose herbal remedy—soothing, healing, anti-septic. Invaluable, too, for sore, aching feet. Get Zam-Buk NOW and keep it handy.

## Air Defences Stand Test

By HAROLD MORRISON  
WASHINGTON (CP)—North American air defences proved solidly effective against invading "enemy" jet bombers in the weekend "Sky Shield" operation, biggest air exercises ever staged by Canada and the United States.

A squadron of British Vulcan bombers also participated.

Canadian and American air officers, controlling the 12-hour test from NORAD headquarters at Colorado Springs, Colo., said they were gratified by results, most of which will be kept secret.

Only one tragedy was reported as more than 200 bombers streamed in from the north and the two coasts in attempts to sneak past radar screens, missiles and interceptors to destroy strategic defence bombers and key industrial communities. U.S. B-52 jet bomber with eight men aboard was missing and presumed lost over the Atlantic.

The eight-jet bomber, attached to Seymour Johnson Air Force Base at Goldsboro, N.C., was believed to have run out of fuel. Air and surface craft swept a wide area in the At-

lantic in search of the plane after it was reported down.

Air defence officers said the warning systems, including the three big ones in Canada—the DEW, mid-Canada and Pine-tree lines—"worked like a charm." They described the operation as "99.9 per cent effective." Gen. Laurence Kuter, NORAD commander, was reported "tickled to death the operation worked so well."

## Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, goopy, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

## ELLERY STREET (Off Lampson)

Spacious Bungalow on a large lot. Extensive renovation already done, including new siding, automatic oil furnace, new kitchen cabinets and new plumbing. Here is the opportunity for a family man looking for space, and handy with tools, to secure a good home at a low price. Close to schools and bus. Valued at \$7,800.

# JAPANESE TEXTILE QUOTA SET

**TOKYO (UPI)**—Japan and the United States today formally exchanged documents setting Japan's exports of cotton textiles to the U.S. at 275 million square yards in 1962. Japan's quota for next year is 11.2 per cent over that for 1961.

The new quota was decided on the basis of an international textile agreement adopted at an international cotton textile conference held in Geneva last July by the General Agreement on Tariffs and Trade.

Gold trading was light and sporadic with Dime down 1/4. Western oil trading was light with Home A and Hudson's Bay both down as much as 15 cents.

**AT NEW YORK** autos gave ground in a declining stock market. Trading was moderate.

Chrysler, facing tough labor negotiations, dropped about 2 points. Ford took a similar loss.

McIntyre Porcupine gained 1/2 among Canadian issues. Dome Mines and Canadian Pacific were each up 1/4, while Aluminium Ltd. dropped 1/4.

Mr. Kinsman rejected the idea of a North American bloc, consisting of the United States and Canada, as impracticable and having special dangers for Canadian industry and independence.

In regard to the European Common Market he said that in the short run it is "restrictive" in its trade with the rest of the world, but its markets could be partly opened through negotiation.

"Our problems in this regard," he stated, "are much the same as those being faced by the United States. Should we not be working with the Americans in or outside the General Agreement on Tariffs and Trade to persuade common market members to be more outward looking? If we lose some of the British preferences can we not gain more in compensation elsewhere?"

Mr. Kinsman is vice-president of Alcan International Ltd., a selling arm of Aluminum Company of Canada Limited.

**Toronto Man Heads Canadian Adjusters**  
HARRISON HOT SPRINGS (CP)—A. E. Williams of Toronto, was elected chairman Saturday of the 93-member Canadian Independent Adjusters' Conference.

Elected vice-chairman at the weekend sessions here were J. V. Carter, Vancouver—Pacific region; F. H. Enderton, Calgary—Prairie region; L. A. O'Reilly, Owen Sound, Ont.—Ontario region, and D. M. Hope Jr., Fredericton, N.B.—Atlantic region.

**Chinese Mission Seeking Markets In Canada**  
MONTREAL (CP)—A 13-man Communist Chinese trade mission, the first to Canada since the Communist regime took power in 1948, today began talks with Montreal businessmen in an effort to find new Canadian markets for a wide variety of goods.

"We are here to explore the Canadian market and want to study its potentiality," mission leader Chen Ming said on arrival Saturday.

**MEMO from MONK'S**  
The first compact, 10-key calculator that's truly portable. Slips into a briefcase. Goes to work anywhere. Executive office, accounting department, on a business trip, plane, train, home... anywhere. All this for \$139! For hour-after-hour use, the CONTEX Electric. Same size, same features. Greater speed and ease because the motor does the work. Only \$239.

**Borrow a Context Calculator and see!**  
We'll be glad to lend you a hand (or electric) model.

# MARKET SUMMARIES

**Industrials Help Decline**  
The stock market was down at the close of moderately heavy trading today on the Toronto Stock Exchange, with veteran industrial and fledgling speculative assisting in the decline.

**AT TORONTO** speculative action featured a \$1.80 drop to \$4.95 by Lake Dufault on a volume of 430,212 shares. Canadian Dyno, which advanced meteorically last week on rumors of a rich copper strike, slipped 13 cents to \$1.43 on a volume of 61,130 shares.

Gold trading was light and sporadic with Dime down 1/4. Western oil trading was light with Home A and Hudson's Bay both down as much as 15 cents.

**AT VANCOUVER** trading was moderate with prices varied during the morning. Medallion went at \$2.10, and Con Potash between 77 and 81. Cowichan Copper traded at 48.

## ACROSS B.C.

### Pensioner Fasts to Death After Fall

(Compiled from CP)  
VANCOUVER — A 42-year-old war pensioner died in hospital Sunday of malnutrition resulting from several weeks of self-imposed starvation.

Authorities at Shaughnessy Hospital said William Rene Cullen weighed about 60 pounds and was unable to hear, speak or move when he was admitted during the week-end.

Police broke down the door to his room in an East End apartment block after a friend became concerned about his welfare.

They described Cullen as a living skeleton.

Robert Saunders, a wartime friend of Cullen, said he started refusing to eat about three weeks ago after he fell and struck his head on a radiator.

Saunders blamed the fall on a head injury suffered by Cullen during the Second World War.

### Drowns in Pond

DAWSON CREEK, B.C. (CP) — Axel Schonoor, about two, was drowned just north of here in an irrigation pond near his home. The baby's mother discovered the body.

### Fatal Race

WILLIAMS LAKE — Dale Lorne Reuther, 23, was killed Sunday in a high-speed motorcycle race for a cup of coffee.

His bike plunged 12 feet into a rock and stump-strewn gully just south of here.

Reuther's tandem passenger, 19-year-old Virginia Rosanne Deschane, also from Williams Lake, suffered a fractured skull.

RCMP said Reuther had tried to pass another motorcycle on the right. The other cycle's two riders told police they were on their way to 150-Mile House for a cup of coffee. "I suddenly became aware of Dale passing me on my right at high speed," said Barry Lundquist.

"He went off the highway onto the shoulder and kicked up so much dust I couldn't see him anymore."

### Escapees Caught

VANCOUVER — Three of five men who escaped from Calgary's Spy Hill jail Oct. 7 were recaptured by RCMP here Sunday.

Ronald Neergaard, 25, and Douglas Bevan, 23, were apprehended in a downtown telephone office, while Donald Everett, 21, was arrested at a private home.

Two others who escaped at the same time are still at large. They are William Archer 41, and Roderick Chief 23.

### 'Cases' House

NORTH VANCOUVER — Robert W. Hutton, 23, was jailed for three years for robbing a home police said he first visited in the guise of a prospective purchaser. He pleaded guilty to the Oct. 5 robbery of the home where he got \$22 in cash and articles worth \$300. Earlier this month he was sentenced to 18 months for forgery.

### 'Spy on Boats'

VANCOUVER — Federal steamship inspector R. G. Bommer has urged that citizens watch for and report ships dumping oil in the sea in contravention of the law. He was supporting a suggestion by West Vancouver parks board officials that a citizens' spy ring could be an effective check. West Vancouver's shoreline has suffered from sludge washed ashore.

### Motorist Killed

QUESNEL — A man was killed Saturday night when his car rolled over on the highway at Hixon between here and Prince George.

Police said Laverne Wilson, believed to be from Hixon, was dead on arrival at Prince George Hospital.

### Dies of Injuries

VANCOUVER — Stannard Templing Beard, of Bellingham, Wash., one of two men injured in the crash of a sports car Oct. 8, died in hospital here Sunday.

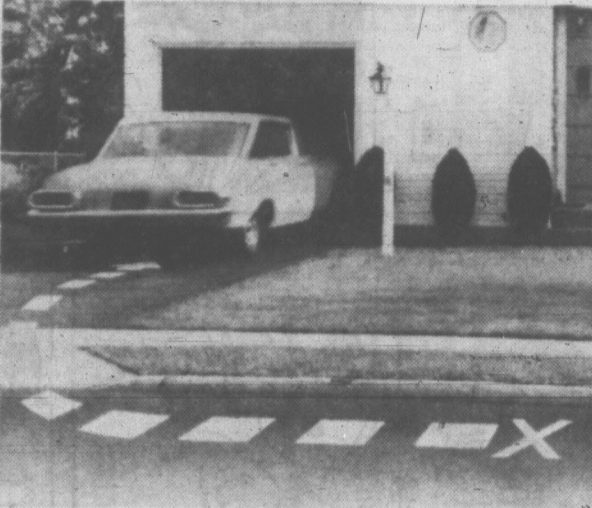

The other man, Julian Carol Wilson, also of Bellingham, remains in satisfactory condition.

Beard and Wilson were taking part in the annual Cariboo sports car rally when they collided with an oncoming car on a snow-covered hill five miles north of Williams Lake.

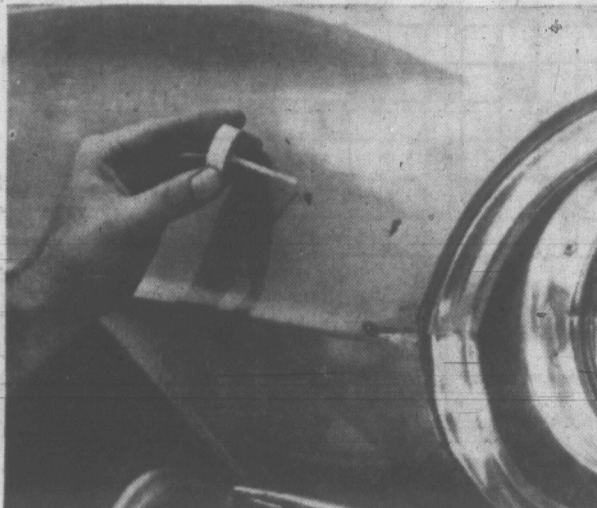

### Tanker Refloated

QUEBEC (CP) — The Foundation Vigilant and two smaller tugs took advantage of high tide shortly before midnight Sunday night to re-float the British tanker Vibex which ran aground Friday night and poured almost 7,000,000 gallons of fuel oil and benzene into the St. Lawrence River.

# Shell suggests 10 ways to cut repair bills

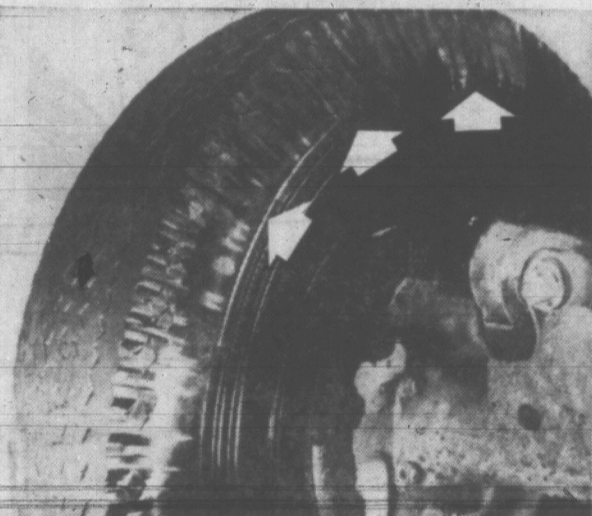

**1. Avoid 100-foot trips:** It's a mean trick to start a cold car, drive it just a few feet, then turn it off. Yet people often park in front of their homes, then drive into the garage later on. This can increase engine wear, dilute your oil with unburned fuel and give sludge more chance to form. If at all possible, drive right into the garage when you arrive home.

**2. Touch up scratches before rust sets in.** You can discourage the spread of rust by using touch-up paint on body scratches. Rust also attacks when drainage holes on the underside of car doors and body panels are plugged. Keep those holes open (a screwdriver or any pointed instrument works fine) and you may well prevent a rusted-through door or body section.

**3. Check your cooling system hose for weak spots.** Inspect all of the rubber hoses that interconnect your cooling system. If they are cracked or swollen, they could give way at any time and cause your engine to sizzle—even seize up. Less serious, but a potential cause of overheating, is a radiator clogged with bugs. Ask your Shell dealer to clear away external radiator clutter with air pressure.

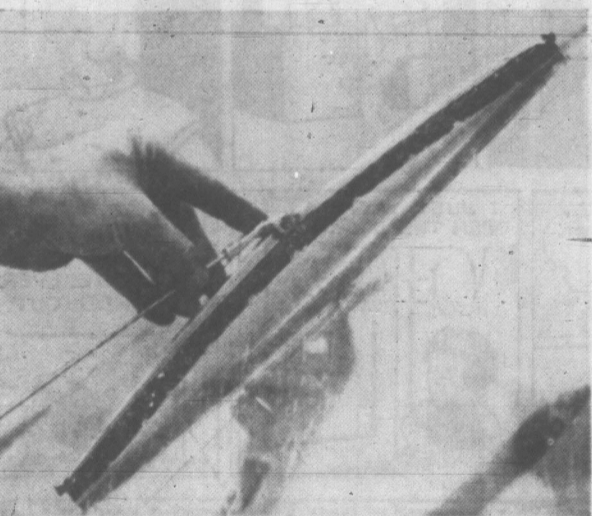

**4. Look for oil streaks on inner walls of tires.** It may take a bit of back-bending, but it's well worth the effort to check the side of your tires you seldom see—the side facing in. If there's any sign of leaking fluid on tire walls, tell your Shell dealer. A leaking brake cylinder or rear axle oil seals could be at fault. Either can lead to extensive repairs if not corrected right away.

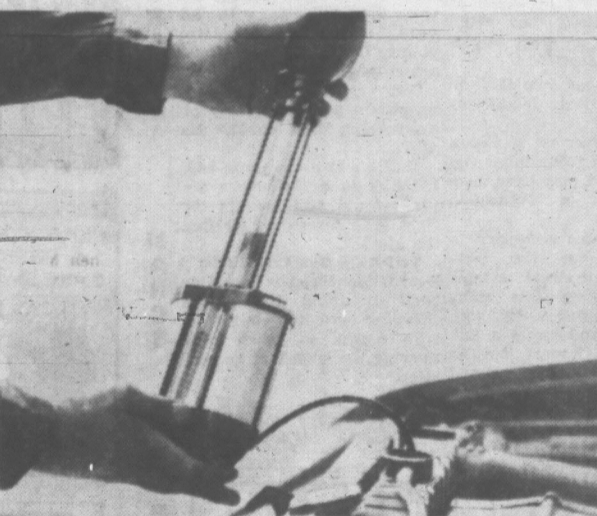

**5. Obey the cardinal rule of car care.** A professional lubrication job is still the best way to keep your car in good health. But it should be done on a regular basis—not "every so often." For safety's sake, Shelllubricate every 1000 miles. If your car has an automatic transmission, your transmission fluid level should be checked regularly. Your Shell dealer can do this during Shelllubrication.

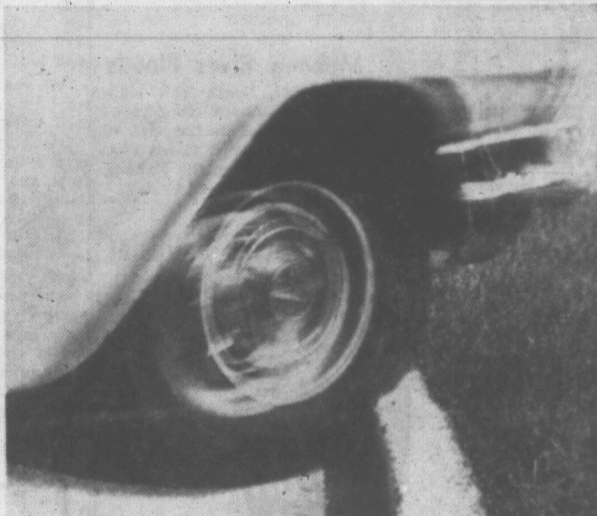

**6. Never "gun" your car to warm up your engine.** It doesn't help a bit. Matter of fact, it can increase engine wear. Many drivers also think it's worthwhile to idle their cars on a cold morning. But, with today's modern engines, it isn't necessary. It just wastes gasoline. Far better to start your engine, wait a few seconds until it's running smoothly—then be on your way at a moderate speed.

**7. Check a terribly neglected little accessory.** People seldom give their windshield wipers a second thought—except when it rains. But wipers wear out too. Instead of wiping your windshield, they can smear and scratch it. Wiper blades are easy to replace—but windshields aren't. Ask your Shell dealer to check your blades and wiper arms next time you see him.

**8. Have your anti-freeze put in by an expert.** Your Shell dealer will inspect your cooling system for possible leaks. Then he'll put in the right amount of Shellzone anti-freeze to protect your car to the temperature you specify. Note: He always checks his work with a hydrometer (see photo). You get a written guarantee of all-weather protection—with free refills, if necessary.

**9. Don't let front wheels hit the curb.** Banging front wheels against the curb is tough on wheel alignment—and tires too. So approach the curb carefully. This sounds like a small thing, but it can help prevent costly front end problems. (Suggestion: take a look at the tread on your front wheels now. If they show uneven wear, your front wheel alignment may need attention.)

**10. Give your car a change of scenery.** A steady diet of city driving adds to the combustion deposits inside your engine. This deposit build-up can lead to knocking and eventual trouble. But many deposits will fly out the exhaust when you hit the open road. So, take your car for a highway drive this weekend. It can be good exercise for it. And a pleasant afternoon for you.

## The 9 ingredients in Super Shell and what they do to give your car top performance

- #1 is TCP\* for power, mileage, and longer plug life.
- #2 is mixed pentanes for fast warm-ups.
- #3 is anti-knock mix to resist all kinds of knocks.
- #4 is gum preventive to keep carburetors clean inside.
- #5 is butane for quick starts on cold mornings.
- #6 is "cat-cracked" gasoline—for extra power.
- #7 is a carburetor defroster (Added in cold weather.)
- #8 is heavy alkanes to help control "high-speed knock."
- #9 is Platformate for extra mileage.

\*SHELL'S TRADEMARK FOR THIS UNIQUE GASOLINE ADDITIVE DEVELOPED BY SHELL RESEARCH, PATENTED 1955.

## ANDY DECIDES, ANNEMARIE WINS

Nine-year-old Annemarie Smith, 4297 Wilkinson Road, turned to the Ask Andy column in the Times to settle a family argument, and won a Hammond's Nature Atlas of America.

The question was accepted for answering in the column on this page today, and Annemarie became the newest member of the large group of young Victorians who have won similar prizes.

The discussion arose when her grandfather mentioned seeing little birds in Greenland which appeared to be wearing full-dress suits. Whether or not they were penguins was left to Andy to decide.

### TWO IN ONE

Annemarie was born in Victoria and is in grade six at Strawberry Vale School, which her father, Edward T. "Ted" Smith, attended as a youngster. If she seems a little young to be in grade six, it is because she is "almost 10," and did grades two and three in one year.

Her favorite school subjects are spelling and arithmetic, and she is a member of the school's Junior Red Cross Club. She has been a Brownie for two years with Colquitz No. 1 Pack, and is most proud of her attendance record at Wilkinson Road United Church Sunday School, where she is starting her seventh year of perfect attendance.

For fun she sews on her own machine at home, and is an avid square dancer with the Junior Twirlers who work out at Royal Oak Institute Hall.

Her mother said the whole family are dance fans.

"Mr. Smith and I have been square dancing for five years, Annemarie for three, and Robbie, our seven-year-old son, for two years," she said.

Swimming was the best sport of the summer. She started lessons in the grade five school swim instruction program, and finished learning on her own at a neighbor's private pool.

### TEACHING CAREER

Annemarie gets along well with tiny tots, and is thinking seriously of being a teacher when she grows up.

"Once I wanted to be a nurse so I could look after babies," she said, "but I like teaching too. So I guess I'll try to be a grade one teacher."

ANNEMARIE SMITH... likes dancing

## ask Andy

HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy. Andy will answer questions submitted by child readers and those who submit the questions he selects to answer will receive worthwhile prizes.

The youngster who asks the first question answered each day receives a 20-volume set of the World Book Encyclopedia, and of the second question a Hammond's Nature Atlas of America.

Andy sends a Hammond's Nature Atlas of America to Annemarie Smith, age 9, of Victoria, B.C., for her question:

**Does Greenland Have a Native Bird Like the Penguin?**

The penguins are birds of the southern hemisphere, though some live as far north as the Galapagos Islands near the equator. In the far north we have the auks and the puffins which in some ways resemble the penguins. Some of them visit Greenland and nest there. Both auks and puffins have been called penguins.

## If BACK ACHES TRY A KIDNEY "HOUSECLEANING"

Do you suffer from Backache, Getting Up Night, Frequent or Burning, Urine, Painful, Stiff, Groin, Hip, Thigh, Pressure over the bladder, and Rheumatic Pains due to Kidney and Bladder Irritation? In such cases the very first dose of CYSTEX usually starts to work immediately to help you in 3 ways: 1. Helps nature remove certain irritating non-specific germs in acid conditions. 2. Relieves Rheumatic Pains and tired, aching feeling due to clogs. 3. By relieving and calming irritated bladder tissues it helps reduce frequent or smothering passages day and night. Get CYSTEX from your drugist today. Feel better fast. ADV.

### Mekong River Floods

SAIGON, South Viet Nam (Reuters)—About 100 persons have drowned in the last 10 days in the worst floods ever experienced along the Mekong River, it was learned Friday.

### SOLUTION WEDNESDAY

## IT HAPPENED LAST NIGHT

By EARL WILSON

NEW YORK—"If any of us are ever out of the show," Mimi Benzell said, "it will be easy to explain. We'll merely say, 'I was hit by a two-ton jeep.'"

"Or the alibi could be, 'The street in Jerusalem collapsed on me.'"

"Milk and Honey," starring Mimi and Robert Weede, with Molly Picon doing the comedy, will have so many tons of scenery hanging overhead at the Martin Beck that, Mimi says, "We go on stage frightened half to death."

"We carry our own floor to put over the floor. It has railroad tracks."

"Hanging over us is also a barn, a house, trees, huge conduits, and, as I may have mentioned, half a Jerusalem street."

All this seems necessary to Jerry Ostricher, the well-fixed youngish real estate who's producing this show about a Cleveland widow who tours Israel and meets a Baltimore chap (Robert Weede) who's unhappily married, and therefore makes a remark to Mimi Benzell about her camera.

"To put it politely," says

Mimi, "he picks me up on the street."

"He says, 'May I see your camera?' and he finds that I've taken lots of pictures without the lens cover. So he gets me, a plastic lens cover so I can take pictures with the cover on."

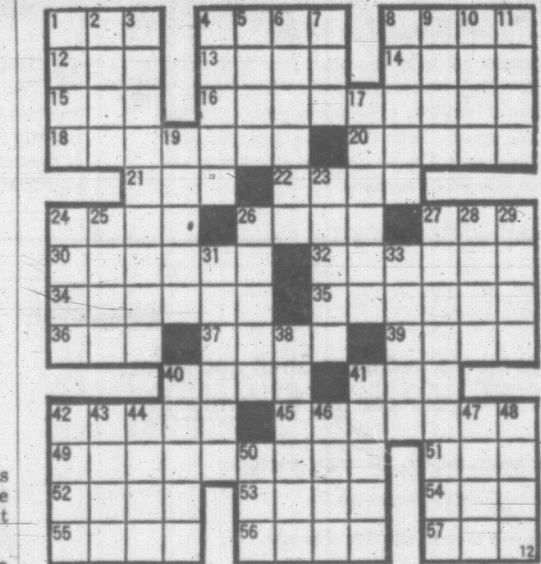

For Mimi, a Jewish gal born in Connecticut, of a mother from Odessa and a father from Riga, this show is just what she's been looking for since her troubles with Edward Johnson at the Metropolitan Opera stemming from a testimonial.

"My years at the Met were wonderful and started me off as nothing else could," she says.

"But it's also a cross to bear. I could do a strip-tease and they would still say 'Is this right for a former singer from the Met?'"

**TODAY'S BEST LAUGH:** A local fellow (reports Jack Herbert) is suing for divorce, charging cruelty—claims his wife makes so much noise mowing the lawn that he can't sleep.

Earl Wilson

## RAIL TUNNEL URGED TO CROSS CHANNEL

LONDON (AP) — A British-French commission of transport experts reported today a two-lane railway tunnel is the most feasible way of spanning the English Channel.

The experts reached this conclusion after a four-year study of various proposals for such a link between Britain and France.

The report ruled out a bridge across the channel as too expensive. The experts said the tunnel could be built for \$105,000,000 (\$294,000,000) while a bridge would cost \$210,000,000 (\$558,000,000).

## 'Delicate' Job Saves 45 Cubans

MIAMI, Fla. (AP) — A report that a Cuban boat had fired on 45 Cuban refugees after they had reached a small British island turned a routine U.S. Coast Guard rescue into a delicate weekend operation.

A 95-foot coast guard boat, with a U.S. destroyer standing by, took the refugees off the Bahamas island of Cay Sal, 35 miles north of central Cuba, and brought them to Florida Sunday.

They were questioned for nearly four hours by the U.S. immigration department. Reporters were not allowed to see them.

P. S. Willmore, chief immigration official in Key West, and Sir Robert Stapledon, governor of the British Bahamas, issued brief statements.

The British governor, who sent policemen to the tiny island to investigate, said shots had been exchanged between "two Cuban fishing boats" just offshore after the refugees landed.

Willmore told reporters: "I spoke with the Cuban political refugees and they said that they were not shot at and that there was no shooting in their vicinity while they were on Cay Sal or while they were in the boat."

### Warren to Discuss Thetis Lake Park

"Thetis Lake Park" — Past, Present and Future, will be the subject of an address to be given by city parks administrator W. H. Warren at a meeting of Thetis Park Nature Sanctuary Association at the Douglas Building Thursday at 8 p.m.

### Ex-Premier Dies

RODEZ, France (AP) — The first premier of the fourth republic under the 1947 constitution, Paul Ramadier, 73, died Saturday night. Ramadier was premier of three successive coalitions from January of 1947 until November, 1948.

## DECISION APPEALED

## Missing \$3,200 In Court Test

OTTAWA (CP) — The Supreme Court of Canada agreed today to decide who owns \$3,200 in United States currency which has disappeared from court files in Vancouver.

It will hear an appeal by the attorney-general of British Columbia against a decision of the B.C. Appeal Court granting the money to William Doig of Vancouver.

In April, 1957, Doig was found guilty of counterfeiting traveller's cheques, and was sentenced to four years in prison. The \$3,200 was found in his possession at the time of his arrest and was a Crown exhibit at this trial.

After being released from prison, Doig asked Vancouver County Court Judge S. J. Remnant for an order returning the money to him.

However, Judge Remnant refused on grounds that the \$3,200 was the proceeds of forged traveller's cheques. He said that to return the money to Doig would be an affront to the administration of criminal law.

Doig successfully appealed Judge Remnant's decision to the B.C. Appeal Court which said that evidence at Doig's trial did not establish that the \$3,200 was obtained by fraud.

The attorney-general of B.C. obtained leave today from the Supreme Court to appeal the Appeal Court decision even though the \$3,200 has disappeared from the County Court registry.

### Capsule Retrieved

HONOLULU (AP) — An Air Force flying trapeze attached to the rear of a cargo plane plucked the 300-pound gold-plated capsule of Discoverer 32 from the sky near Hawaii Saturday. The capsule had been orbiting in space for a day.

ASSIGNED to Toronto target area headquarters at Newmarket, Ontario, is Major Hugh John Kelly, CD, of Victoria. Major Kelly was a former warrant officer with the PPCLI and is now an officer in the Canadian Provost Corps.

Winter series of free film shows will be resumed in Victoria Public Library's music room Wednesday, at 3 p.m., it was announced today.

Victoria Daily Times 9  
MONDAY, OCT. 16, 1961

## NAVY ROUTS 'HOODELUMS'

TOULON: France (Reuters) — Sailors of the French Mediterranean fleet at Toulon were confined to their ships Saturday after hundreds of them for two successive nights roamed the town "teaching a lesson" to local hoodlums. During their expeditions the sailors stripped off the leather jackets worn by youths and tore them up as reprisals for recent attacks on sailors.

# Witiuk Paces Comets

## Spokane Scores Double Triumph To Grab First

Veteran winger Steve Witiuk was tickled to be traded to Vancouver. He balked, and Spokane Comets today are glad he did.

Witiuk pumped in two goals within 30 seconds in the opening period to give Spokane an early lead and the Comets went on to defeat Seattle Totems, 4-3, Sunday.

Victory, in Seattle, pushed Comets three points ahead of their nearest rivals in the southern division of the Western Hockey League.

### BIG LINE

Totems pulled within one goal of the Comets three times, but the Spokane line of Witiuk, Colin Kilburn and Del Topoll was too much for them. Kilburn got the game-winning goal early in the third period when he stole the puck from Totem defenceman Frank Arnett directly in front of the Seattle goalie, Jimmy McLeod.

Dick Lamoureux got Spokane's other goal. For the Totems, Howie Hughes got two while Jim Baird added a single.

Spokane has won two of its three tilts in the newly opened season and has one tie.

Last year's league champions, Portland Buckaroos, and the new Los Angeles Blades entry are tied for second spot with a win and a loss each.

### BUCKS BEATEN

Comets dominated San Francisco, 3-1, in Spokane Saturday for their first win of the season. In other Saturday action, Los Angeles beat Buckaroos, 5-3, in Los Angeles for their first win.

Spokane fought back from a 1-0 deficit for the Saturday win. The goals, all in the third period, came from Bev Bell, Lamoureux and Red Johnson. Al Nicholson scored for Seattle.

Los Angeles scorers were led by Danny Belisle, who counted two, while Jackie McLeod, Gerry Goyer and Les Hunt added singles. Portland scorers were Gord Fashoway, Arnie Schnautz and Tom McVie.

### WHL SUMMARIES

### STIRRING STRETCH DUEL

## Donut King Takes Champagne

NEW YORK (AP) — Donut King, from California, son of the 1954 Kentucky Derby winner, determined, beat favored Jaipur by a head after a rough home-stretch bumping duel in the \$206,800 Champagne Stakes Saturday at Aqueduct. Sir Gaylord was third in the field of 10 three-year-olds.

The winner had to withstand a foul claim before the result was made official. This was New York's richest

## 'WHAT YOU DOIN' UP THAR?'

When the highway gets clogged, take the overland route seems to be the creed of West Virginia halfback Jim Moss. Letting no moss grow under his arches, Moss hurdled two players, went for seven yards on this play

Saturday against Pittsburgh. Moss' teammate, fullback Glenn Holton, is on knees after blocking unidentified Pitt player. West Virginia won U.S. college football offering 20-6. (U.S. Wirephoto.)

# Italy Again Advances At Americans' Expense

ROME (AP) — Italy defeated the United States in their Davis Cup round today and won the right to challenge Australia for the coveted tennis trophy. Nicola Pietrangeli scored the decisive third point by defeating Jon Douglas 9-7, 6-3, 6-2.

Italy went into the final two singles matches leading 2-1, and needing to win only one more point.

Douglas, the sixth ranked U.S. player, was no match for the big Italian. Only in the first set, which lasted for 58 minutes, did he battle on even terms.

Douglas previously had won the single American victory by defeating Fausto Gardini 4-6, 4-6, 7-5, 10-8, 6-0.

In the final singles match of the day Gardini, the Italian champion, defeated Whitman Reed 3-6, 7-5, 3-6, 8-6, 6-4 to make the Italian margin 4-1.

Last year Italy also defeated the U.S. in the inter-zone final. But they lost to Australia in the challenge round in Perth, Australia.

The 28-year-old Pietrangeli was the big gun for the Italians. He won both his singles matches and teamed with Orlando Sirola in winning the crucial doubles match Sunday.

About 7,000 spectators watched the Pietrangeli-Douglas match today, played under a warm sun on the red clay central court of the Rome Tennis Club.

Pietrangeli showed uncanny accuracy with powerful volleys and drives to the far corners.

Pietrangeli took a 4-0 lead in the second set and won it handily. He did the same in

the third set, going into a 2-0 lead before losing a point. Then the Italian forged ahead to 5-1.

Pietrangeli dropped his own service only three times, twice in the first set and once in the second. Douglas dropped his service seven times.

On Sunday the veteran Pietrangeli and Orlando Sirola smashed a patched-up United States doubles team in four sets.

The Italian pair won over Donald Dell of Bethesda, Md., and Whitney Reed of Alameda, Calif., 6-4, 3-6, 6-3, 6-2.

Drakes, with second place clinched and unable to catch the front-running Royals, tangled with the leaders at New Westminster Saturday and hoped to get a line on the offensive play.

New Westminster quarterback Mike Davies kept the Victorians in the dark, as he worked little but basic plays and kept his club to a ground game.

Royals did spring one new play on the Drakes and that one produced a touchdown as Davies scooted around end for 27 yards. Dennis Thune booted a field goal for the Westminister points.

Drakes, who three times stopped Royals near their goal line, also stayed mainly with basic plays—without the same results.

Drakes also got one indication of what to expect next weekend. The playoff could be rough since exchanges were surprisingly rugged Saturday for a game that meant little for either club.

Drakes are at New Westminster for the first playoff tussle and host the Royals for the second the following Saturday.

FINAL STANDINGS

### Brabham Wins

RIVERSIDE, Calif. (AP) — Jack Brabham of Australia outraced New Zealand's Bruce McLaren on the final two laps of a 203-mile head-and-head duel Sunday and won the \$28,600 Southern California Grand Prix for sports cars.

At Toronto, Peter's Chop won Saturday's running of the \$30,000 Cup and Saucer Stakes at New Woodbine race track, defeating the favored First Note by less than a length.

Flaven was third. First-place money of \$26,000 raised the winner's earnings to \$33,490. Peter's Chop has started 10 times and Saturday registered his third win.

T. V. Lark, recently purchased for \$600,000, scored his first victory in nearly five months Saturday in winning the \$127,250 Hawthorne Gold Cup at Hawthorne in Chicago.

Herzogshofa finished second, a length back, and Fun for Nurse, the 8-to-5 favorite of the crowd of 21,727, nosed out Grey Eagle for third in the nine-horse field.

The victory was worth \$78,250 to the winner, ridden by Johnny Longden.

At Toronto, Peter's Chop won Saturday's running of the \$30,000 Cup and Saucer Stakes at New Woodbine race track, defeating the favored First Note by less than a length.

# Gump Worsley the Glue As Rangers Sail Along

## Leafs Unable to Solve Agile Gotham Goalie

Lorne "Gump" Worsley is a stubby, pleasant sort of chap who seldom plays a bad game in goal for the New York Rangers.

Sunday night, despite a Ranger defence that faltered for a while, Worsley stopped 43 shots in a sensational performance that gave the first-place Rangers their third victory in four National League games—a 2-1 squeaker over second-place Toronto Maple Leafs.

The Rangers bowed 3-1 to Montreal Canadiens, defending league champions, Saturday night but Worsley could hardly be blamed for the defeat.

Toronto Argonauts, by contrast, were healthy, richer in pass receivers than they had been all season, and ready to click.

So what happened? The Ticats trotted out a new backfield Sunday, ripped into the noted Argo defence for a 37-10 victory and took over sole possession of first place in the Eastern Football Conference.

Toronto lost halfback Dick Shatto with a broken nose and had its margin for the third and last playoff spot cut to a precarious four points over Montreal Alouettes, who upset the Rough Riders 24-14 Saturday at Ottawa.

Don McKenney was the big man in Boston's attack against Montreal—scoring twice and setting up another. Doug Mohr and Bob Armstrong each scored another one. The fifth went to rookie defenceman Ted Green, his first in the NHL.

Bernie Geoffrion picked up his first this year in the tie. His linemates—Ralph Backstrom and Don Marshall—also scored once, as did Phil Goyette and Claude Provost.

Provost's goal earned Canadiens the tie. It came at 4:47 of the third period after the lead earlier had changed hands five times.

Eddie Litzenberger, Alex Delvecchio and defenceman Pete Goggin gave Detroit a 3-0 lead in the first period in the Wings-Hawks battle Saturday.

Ken Wharram and Ron Murphy sliced Detroit's lead to one goal with tallies in the second period, and Murray Barr earned the tie with a 20-foot backhand at 17:18 of the third period.

Sunday, the Hawks forged ahead on goals by defenceman Bob Turner and Evans, both markers coming while Chicago was killing off penalties.

Litzenberger set up Gordie Howe for Detroit's first goal at the 22-second mark of the third and then scored the tying goal nine minutes later.

Neil Worboys, gathering in passes from Brian Rigby, counted two touchdowns for Vampires, who also got majors from Fred Holmes and Doug Bellababa. Dan Hess booted two conversions and Darrell Thom blocked a third-quarter kick to force Campbell River to concede a safety.

Campbell River's points came in the final quarter when guard Larry Ritchie blocked a Vampire kick and ambled over for a touchdown.

Farmers, gaining momentum as the game progressed, picked up second-quarter touchdowns by Hal Sutton, Terry Cox and John Giles.

THREE FOR MCKITTRICK  
Graham Harvey counted two third-quarter TDs and defensive lineman Bill McKittrick went on a one-man rampage in the final period to score three touchdowns, all on pass interceptions. John Todd kicked four conversions and Cox booted two.

## 'RUSSIANS NOT ALONE IN USING STIMULANTS'

LONDON (Reuters) — British distance runner Gordon Pirie said Sunday he had been assured by Russian trackmen that Soviet athletes were given artificial stimulants whether they wanted them or not.

Pirie made the statement in an article in the Sunday newspaper, The People.

"Don't think the Russians are the only sinners," Pirie said. "I have heard American athletes in a dressing room talk openly about taking dope and pep pills."

He said Soviet runners had assured him "that the administration of artificial stimulants is standard practice in their country, whether the man himself desires it or not."

The 30-year-old Pirie, who recently turned professional, also said in the article that he suspected world-record-holding Russian distance runner Vladimir Kuts "was either doped, or hypnotized when he ran his greatest races."

During training for a race in London, Pirie said, "Kuts had been noticed using women's makeup to hide scars on his legs before he appeared in public... you didn't need to be a detective to guess those scars were caused by hypodermic needles," the British runner said.

## Esks, Bombers In Easy Wins

The favorites won both weekend games in the Western Football Conference leaving the playoff picture up in the air.

Victories by Edmonton Eskimos and Winnipeg Blue Bombers left the clubs locked in a race for first place and a bye into the final.

Winnipeg threw a devastating first-half, offensive at the Stampede in Calgary for an easy 25-6 victory to retain first place in the conference standings.

Edmonton rallied behind the accurate, long passing of Canadian quarterback Don Getty on their home field to beat Saskatchewan Roughriders 21-10. The win gave Edmonton 19 points for the season, just one behind Winnipeg.

Calgary, with 10 points, stayed two ahead of Saskatchewan in a nip-and-tuck battle for the third and last playoff spot.

LIONS STILL LAST  
The idle British Columbia Lions remained in last spot out of the running, but they could give Edmonton an assist by beating Winnipeg tonight.

The two clubs meet in Vancouver and a Bomber win would put them one victory away from clinching first place. By the same token a Bomber loss would give Edmonton a new lease on life.

Bombers are favored to take the conference title. They have four games left, and two victories would give them the title with 24 points.

The most points Edmonton can get is 23 and it is the only club with a chance to beat out

GETTY TAKES OVER  
Then Getty took over with his specialty, the long pass, and clicked on seven of 11 attempts for 147 yards working out of the sling-shot offense.

He tossed to end Jim Letcavits in the end zone for a touchdown with seven seconds left in the game. Fullback Mike Lashuk plunged over from close-in for two earlier touchdowns.

Jackie Parker, who shifted to halfback when Getty took over, kicked three converts to round out Edmonton scoring.

Saskatchewan, led by halfback Ray Smith, outrushed Edmonton 151 yards to 95. Smith picked up 90 yards on the ground, tops for both teams.

Trailing 4-2 after completion of the first two fourours, Gorge gained a tie when Dave Fanthorpe defeated Fred Ranson on the 18th in the final match. That gave Fanthorpe and Art Donaldson a one-up victory over the Rest's Dr. George Bigelow and Ranson.

Donaldson and Dr. Bigelow halved their match. The teams will meet again Oct. 22 at Uplands.

Saturday's results:  
Laurie Kerr (RC) defeated John Morrison (GV), 3 and 2; Bill Wainman (GV) defeated Roy Chappel (V), 2 up, Kerr. Chappel won best-ball, 1 up.

Gord Pelletier (U) defeated Norm Babin (GV), 1 and 2; Fred Painter (GV) defeated Vic Painter (RC), 1 up; V. Painter-Pelletier best-ball, 3 and 2.

Dave Fanthorpe (GV) defeated Fred Ranson (U), 1 up; Dr. George Bigelow (V) and Art Donaldson (GV), halved match; Donaldson-Fanthorpe won best-ball, 1 up.

## Moore Paces Rugby Victory

Bob Moore scored three tries at Windsor Park Saturday to pace Oak Bay Whites to an 18-5 Victoria Rugby Union victory over Victoria College.

Don Burgess added a try and two conversions for the Whites.

College points were acquired on a try by Tom Bourne and conversion by Forester Angus.

## Major Prize Awarded To Vancouver Poodle

American and Canadian champion Wycliffe Thomas, a standard poodle owned by Mrs. Jean Lyle of Vancouver, walked away with the premier ribbon in the Victoria City Kennel Club's annual champion-

ship show at the Club Sirocco Saturday.

In addition to claiming "best-in-show" honors, Ch. Wycliffe Thomas was also named best Canadian-bred dog.

# Signs Predict Better Things For United XI

Victoria United forwards came through with one of their better efforts in the Pacific Coast Soccer League, but it was other signs Saturday — and not necessarily the score — that seemed to cheer district fitha followers most.

United's 3-0 victory over North Shore Cs keeps Victoria in the upper echelon. After six games, United's record includes two victories and three draws and that's good enough for today's share of second place with Vancouver Canadians.

Halfback George Wright, seemingly headed for one of his best seasons in soccer, centre forward George Paul and outside right Dunc McCall scored Victoria's goals Saturday before a turnout of 800 fans.

It was the third shutout for Barry Sadler, and that's another argument in favor of those who maintain the 19-year-old is one of the league's best netminders.

Inadequate goal production has been manager Wally Milligan's major worry before Saturday, and the amiable Scot today feels that may not be so much of a problem any longer. He bakes his optimism on "the signs."

Halfback George Wright, seemingly headed for one of his best seasons in soccer, centre forward George Paul and outside right Dunc McCall scored Victoria's goals Saturday before a turnout of 800 fans.

# Sam Had a Sad Sunday — Eagles Avenge Loss

By The Canadian Press  
Philadelphia Eagles defence throttled Sam Etcheverry and St. Louis Cardinals Sunday as the Eagles took a 20-7 National Football League decision to avenge their only season loss.

The defending NFL champions were beaten by the Cardinals 30-27 two weeks ago but have won their other four games and are tied for the eastern division lead with New York Giants.

In other NFL action, New York came back from a 10-3 deficit to defeat Dallas Cowboys 31-10; San Francisco 49ers turned back Minnesota Vikings 38-24; the surprising Chicago Bears rolled over Baltimore Colts 24-10; Green Bay Packers defeated Cleveland Browns 49-17; Detroit Lions squeezed by Los Angeles Rams 14-13; and Pittsburgh Steelers shut out Washington Redskins 20-0.

Etcheverry, who came to the Cardinals after nine years with Montreal Alouettes, showed better form than against New York last week — but nevertheless it was another sad day for Sam.

The Cardinals made only one scoring threat while Etcheverry was in the game. This came late in the second quarter when they moved 52 yards and Gerry Perry missed a field goal attempt from the 31.

Etcheverry hit nine of 16 passes for 60 yards. His blocking protection was better than last week but he again appeared over-cautious at times and reluctant to throw his long one. He ran well, gaining a total of 14 yards on four tries.

Ralph Gugliemi took over as quarterback with 11 minutes left. St. Louis scored on a 73-yard punt return by Bobby Joe Conrad.

Y. A. Tittle passed for two touchdowns for the Giants. The San Francisco shotgun offence had to go all out to defeat the stubborn Vikings. Bill Kilmer led San Francisco's three-quarterbacks, scoring four touchdowns. Hugh McElhenny scored twice for Minnesota.

An 84-yard touchdown gallop by Willie Gallimore of Chicago was the key to the Bears win over Baltimore.

## FIGHT RESULTS

NEW YORK—Jorge Fernandez, 281, Argentina, stopped Cecil Shorta, 244, Cleveland, 6.

# Rangers Fumble Chance As Kickers Play to Tie

Victory streaks came to an end in the Victoria and District Football League Sunday as Duncan Rangers flubbed a great chance to step out in front of the pack.

Rangers and Hourigan's Kickers started the day deadlocked in first place, each with four straight wins. Kickers avoided defeat as they settled for a 2-2 deadlock with Gorge Hotel, but Rangers, with an opportunity to go ahead, lost their scoring touch and dropped a 2-1 decision to a hustling Victoria West side at Duncan.

The single point from the draw was enough to give Kick-

ers sole possession of the top berth as Duncan skidded into a second-place deadlock with Gorge.

Behind 1-0 at the half after Curt Lampert had tallied for Gorge, Kickers came back in the fast, hard-hitting tussle at Central Park to go ahead on goals by Henri Vanderhorst and Dick Nellesstijn.

They almost made the lead stand up, but Chummy Crabbe broke through for Gorge a few minutes before the finish to square the count.

**INTERESTING MATCH**  
In one of the most interesting games seen on a Duncan pitch in recent years, Brian

Cornell and Darrell McIntyre fired goals to give Vic West its second triumph of the season. Rangers, who had scored 17 goals in their first four matches, got their lone tally from Joe Corsi.

Bradley's Bakery held on to fourth place by playing to a 1-1 draw with Canadian Scottish and Evcoes remained in a fifth-place tie with Vic West by blanking Saanich Thistles 3-0.

It was a costly victory for Evcoes, who lost the services of Jack Frampton for several games when the fullback suffered torn knee ligaments.

**Scoring:**

Victoria West—Brian Cornell, Darrell McIntyre. Total 2. Duncan—Joe Corsi. Total 1.
Nanaimo—Ron Sage. Total 1. Esquimalt—Paul Sunde. Total 1.
Roanoke—Barry Coster 3. Doug Currie. Brian Seade. Al Boden. Total 6. Lady Smith—No score.
Evcoes—Charlie Constable, Tommy Sampson, Harry Cossey. Total 3. Saanich Thistles—No score.
Kickers—Henri Vanderhorst, Dick Nellesstijn. Total 2. Gorge Hotel—Curt Lampert, Chummy Crabbe. Total 2.
Canadian Scottish—Allen Glen. Total 1. Bradley's Bakery—Alan Glen. Total 1.

# Whitewash Brushes Busy in Minor Soccer

Sparkling defensive work highlighted weekend matches in the Lower Island Junior and Juvenile Soccer Association.

Three Sunday games ended in shutout victories and 15 clubs wielded the whitewash brush in matches played Saturday.

**Weekend scores:**

**DIVISION I**  
Saanich Warriors—No score. Britannia Legion—Martin Taylor 2, Russell Ball 2.

# Tag Bout Tops Grapple Card

The Kalmikoff boys return to Memorial Arena Thursday night for another tag-team match against Doug Lindsey and Roy McLarty.

In last week's professional wrestling program, Ivan and Karol Kalmikoff were disqualified but McLarty and Lindsey were unable to claim the Pacific Coast tag title since rattle rules say a title cannot be lost on a disqualification.

In other bouts Thursday, Danno McDonald meets Bill Wright, John Foti faces Bob Morse and Ivan Kalmikoff tackles McLarty.

# HELP BOWELS Pains in Side & Stomach

Spastic Colitis (functional irritation of the colon or large intestine) may make you suffer from dull aches or burning pains in the side. Gas, heartburn, bloating, nervousness, bad breath, diarrhea, burning of stomach, loss of sleep and pep. If you suffer from Spastic Colitis, take KOLADE POWDER which works three ways to relax tense intestine muscles, soothe sore mucous membranes and check acidity. Works fast to help mature. Don't suffer another day without trying KOLADE POWDER. Satisfaction or money back. At all drug stores. Adv.

# William Head Off to Good Soccer Start

William Head made an auspicious debut in the Combination Soccer League Saturday. Playing their first game, William Head outscored Royal Roads 2-0, left the losers mired (with B.C. Forest Products) in the Saturday Division basement. Both clubs are winless in three games.

Navy Firefighters and Vic College continued to dominate Saturday division play. Firefighters turned back B.C. Electric, 5-3 and College nipped B.C. Forest Products, 6-5.

In Sunday Division action, Dorman's trimmed Eddie's Electric, 2-1, to maintain a slim one-point margin over the losers and Duncan's.

**Complete results:**

**SATURDAY DIVISION**  
Victoria College 6, B.C. Forest Products 5.  
Victoria Varsity 1, Naval Apprentices 1.  
William Head 2, Royal Roads 0.  
Navy Firefighters 5, B.C. Electric 3.

**SUNDAY DIVISION**  
Saanich Hornets 4, Songhee Ravens 1.  
Oak Bay 6, Northwestern Creamery 6.  
Duncan's 2, Saanich Warriors 1.  
Dorman's 2, Eddie's Electric 1.

# Cavaliers Clip UBC

VANCOUVER (CP)—Seattle Cavaliers, led by halfback Ed Softli, scored a 13-0 victory over University of British Columbia Chiefs in an exhibition, American football game at UBC Stadium Saturday.

# Shorts Stopped by Argentine Boxer

NEW YORK (AP).—Jorge Fernandez of Argentina, blood spurring from a fierce cut over his right eye, stopped

Cecil Shorts of Cleveland in 2-43 of the sixth of a scheduled 10-round bout in Madison Square Garden Saturday night.

Shorts, who weighed 151 to 144½ for Shorts, thus ran his winning streak to six and added ammunition to his campaign for a welterweight title bout with Benny Paret.

# ALPINE...a city slicker that can tame a country mile

Don't let its good looks fool you. The new Alpine cut its teeth on rugged cross-country travel. It came in first and second in its class in the last two Monte Carlo Rallies. It won the coveted efficiency cup in the 1961 Le Mans Grand Prix (91 m.p.h. average; 18 miles per gallon!). It took first in its class in the 1961 East African Safari. Rough roads? You bet!

This suave-looking city slicker—with its low road grip, roll-up windows and optional snug-fitting hardtop—is in high demand, and short supply. A good reason why you should take a city or country test drive in the new 1962 Alpine now.

Price P.D.E. west coast \$2695—hardtop, whitewalls, wire wheels, overdrive (optional extras). Sales taxes extra where applicable.

# NICKEL STAINLESS STEEL TRAINS LIKE NEW AFTER 25 YEARS!

The Canadian, the C.P.R.'s nickel stainless steel streamliner, has been flashing across Canada on a daily schedule for more than seven years, still as gleaming bright as the day it went into service. The world's first stainless steel train made its initial run from Denver to Chicago over twenty-five years ago. And it's still going strong after logging more than 3,000,000 miles.

# INCO DEVELOPS WORLD MARKETS FOR NICKEL

# Modern transportation builds world markets for nickel

Nickel stainless steel is used widely throughout the world in the construction of modern streamlined trains, planes, ocean liners and automobiles—because of its bright beauty and ability to withstand corrosion and high temperatures.

Nickel alloy steels are the strong, tough, durable materials that carry the load in

modern transportation. They're used for automotive transmissions and engine parts, for the heavy duty machinery and structural parts of ocean-going ships and lake freighters, for planes, trains, trucks and buses.

Canada is the world's largest producer of nickel. And Inco, through sales, research and market development operations,

maintains a continuing program for the expansion of international markets for Inco nickel.

More Inco nickel than ever before will be exported to Inco's expanding world markets... helping to build trade balances, stimulate Canada's economic growth and create more jobs for Canadians.

## IN ENGLAND

CLASSIC GRILLE OF ROLLS ROYCE  
CRAFTED IN NICKEL STAINLESS STEEL

The reputation of Rolls Royce for meticulous attention to design detail is evident in the handcrafted radiator shell of nickel stainless steel. Other nickel alloys are used in the Rolls Royce engine and transmission to insure long dependable service.

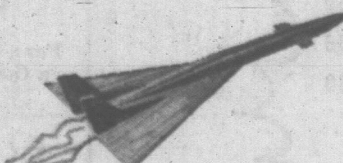

## IN ITALY

NEW SHIP LEONARDO DA VINCI MAKES WIDE  
USE OF STAINLESS, OTHER NICKEL ALLOYS

The new Italian luxury liner Leonardo da Vinci uses gleaming nickel stainless steel and bright nickel silver for hardware and ornamental accessories, strong, tough and durable nickel alloy steels for heavy duty engine parts.

## IN THE UNITED STATES

NEW JET AIRCRAFT PROMISE HIGHER  
SPEEDS FOR COMMERCIAL FLIGHT

Today, designers are planning commercial jets capable of reaching Mach 3 (approximately 2100 miles an hour). At these speeds, nickel stainless steel and other special nickel alloys are necessary to withstand intense heat and high stresses.

GRUBER EXCELS HIMSELF

# 'Pure Delight' for Lovers Of Elegant Classic School

By AUDREY JOHNSON

Fine traditional music and a fine young pianist in the solo spot made Victoria Symphony Orchestra's second concert in the current subscription series on Sunday a more than ordinarily satisfying event.

The Purcell Suite for strings, woodwinds and four horns proved pure delight for lovers of the elegant and classically melodic school.

This is a type of music in the interpretation of which, Conductor Hans Gruber himself excels. It comes into full flower influenced by the shapeliness of his phrasing and delicate predilection of his beat, to which the orchestra responded so well.

The program having opened in this vein came to an appropriate climax with the Beethoven Eighth Symphony, a compactly wrought work, nowhere sombre in mood, but like a prism, reflecting many lights.

Here again, the orchestra appeared comfortably at home, playing with relish and confidence.

Twenty-one-year-old Marek Jablonski is undoubtedly one of the brightest young talents to grace our symphony stage. If he continues to develop along the lines he has already established, he has an assured future in the career he has chosen.

## LIMPID TONE

Playing the Mendelssohn Piano Concerto in G minor, he produced a limpid tone and at moments unexpected power and authority. He has an exquisite delicacy of touch in pianissimos. Fluent scale-passages of a pearly evenness decorated his performance.

Most rewarding of all, however, is his obvious musicalness, evidenced in the taste with which lyric passages were played and phrases shaped.

## REPEAT TONIGHT

It may not have been an exciting performance in the virtuosic sense, nor an entirely mature interpretation of the Mendelssohn. But it was an earnest performance by a dedicated young artist of more than usual ability and as such provided stimulation of the better sort.

The concert will be repeated tonight at the Royal Theatre starting at 8.30.

## WEST COASTERS RALLY

# Gosley Arrives Seven Years Late

By IAIN HUNTER

It's a belated case of "mission accomplished" for Operation Bedstead.

Because of it, there's a bed in the maternity ward of Tofino Hospital bearing the name of Gerry Gosley's Smile Show.

Seven years ago this Victoria troupe of singers, dancers and comedians flew to the isolated RCAF base at Tofino to entertain personnel there and raised over \$200 toward a new 17-bed hospital in Tofino village. The original building had been destroyed by fire.

## BASE CLOSED

At that time, Mr. Gosley promised to return and raise enough to endow a hospital bed. The RCAF would fly the cast in. But with the closing of the air base a short time later the show had no means of reaching the village.

However, as Mr. Gosley's song says: "You've now got a road to old Tofino..." and on Saturday a chartered bus wound over the rugged country from Alberni to the abandoned air base at Long Beach. There, over \$255 was raised when nearly a quarter of the total population of Ucluelet and Tofino turned out for the show.

This English music hall program has always inspired a sense of community spirit wherever it has gone.

Without the help of the 13 Victorians who accompanied the troupe as paying passengers, the B.C. Electric which gave the bus at a reduced rate, and the Hotel Maquinna which put up the cast in Tofino free of charge, the trip would not have been possible.

Above all, it was the way in which the people of Tofino rallied to the cause which made it all worthwhile. They were still "rallying" as the bus left on Sunday morning.

The Victoria company has been spreading happiness to all parts of B.C. for nine years now. And in 1952 it added the name "Korea" to its list of battle honors, which include the more isolated communities

of B.C. such as Port Hardy, Powell River, and Holberg.

## FOR CHARITY

The cast changes, the quality improves, but the purpose of these expeditions remains the same: the spread of happiness in the cause of charity.

Only Mr. Gosley and accordionist Al Denoni remain of the original cast.

But this year's young talent has drawn the greatest attendance ever and the interest of professional talent scouts.

Ed Sullivan has his eye on two numbers in particular: "Khatmandu" and the riotous "If I Should Ever Lose My Job."

Margaret Dean, Dorothy and Bill Hosie, Ron Korhonen, Sylvia Mobe, Peter Kelch and Pam Crawford may soon be television personalities.

## Polio Hits U.K. City

HULL, England (Reuters). Three more cases of poliomyelitis were confirmed in this east coast seaport Sunday, bringing the total in the city's outbreak to 32. Health authorities described the situation as "serious" and went ahead with plans to immunize the city's 300,000 population with an oral vaccine.

# SMUTTY NOVEL ALARM PASSES UP VICTORIA

The Victoria detachment of the RCMP has received no requests or suggestions that they dig out copies of Henry Miller's sex in Paris novel, Tropic of Cancer.

An RCMP spokesman said today the police had heard nothing about the book being smuggled to Vancouver Island.

Speculation had arisen that the RCMP might conduct a search here for the banned book on the heels of an intensive Vancouver dragnet for the 30-year-old novel.

The book, termed by many critics as the 'smuttiest novel ever written, has been on the illegal list in Canada since 1958.

The story of the novel is that of Bohemian life in the sex bins of Paris.

"Our job in finding copies of this novel is only as an enforcement arm of the customs department," an RCMP official said, "they ask us to catch up with something illegal, prohibitive or banned, and we do it."

## Coalition To Govern Turkey

ANKARA (Reuters) — Turkey appeared headed for a coalition government today after the country's first election since a military junta seized power in a bloodless coup last year.

Incomplete official returns showed that the Republican People's party had 170 seats and the Justice party 160 seats in the new 450-member National Assembly, with the balance of power held by two smaller parties.

The Republican party is led by 78-year-old Ismet Inonu, one of Turkey's best-known politicians. The Justice party is led by the former chief of the general staff, Ragip Gumsalp, 64.

Inonu's group was strongly opposed to executed premier Adnan Menderes' now-banned Democratic party. The Justice party incorporates most of the Democratic party's former followers.

### DIVIDE 67 OTHER SEATS

The Republican People's party of Osman Bolukbasi, 48, won 41 seats in the parliament and the New Turkey party of London-trained economist Ekram Alican got 26.

In complete returns for the 150-seat upper house gave the Republicans 61 Senate seats and the Justice party 50. The Peasant party had won 12 and the New Turkey party 10.

Some 13,000,000 Turks braved heavy rains in most sections of the country to vote Sunday. Fifteen persons were arrested in election disturbances.

One of the first tasks of the new parliament will be to elect a successor to Gen. Cemal Gursel, head of the junta.

## Undersea Mountain Range Found

WASHINGTON (AP) — The survey ship Pioneer has discovered a 1,000-mile chain of undersea mountains in the North Pacific Ocean, secretary of commerce Luth H. Hodges has reported.

There are 36 peaks in the range which rise from 3,000 to more than 6,000 feet from the sea bottom in the area just south of Alaska and the Aleutians and extending about half the distance from Alaska to the Hawaiian Islands.

The undersea mountain range was explored in five months of operations by the Pioneer, a coast and geodetic survey ship which has embarked on the first methodical ocean-wide survey in history.

The Pioneer is expected eventually to comb 3,000,000 square miles of ocean between the Hawaiian and Aleutian Islands, making oceanographic, weather and geologic studies. Hodges said one of the peaks rises 6,270 feet in an area where existing charts show almost a flat bottom.

## Retired Engineer Dies in Hospital

Peter Milligan London, a resident of Victoria for the past 10 years, died in the Veterans' Hospital Friday at the age of 74.

Formerly of Courtenay and Anxox, he lived at 1340 Bay Street.

Born in Scotland, Mr. London served with the Royal Engineers in the First World War and after as a marine engineer with the merchant navy.

He is survived by two sons, Peter in Vancouver and Bruce, 1340 Bay Street; one daughter, Mrs. Patricia Adang, Port Alberni; eight grandchildren, and two sisters in Scotland.

Funeral services were scheduled in McCall Bros' chapel today at 3:30 p.m., Padre G. D. Kendall officiating. There will be a graveside service at the Masonic Cemetery, Burnaby, on Wednesday at 3 p.m.

**Kekkonen at Church**  
TORONTO (CP) — More than 1,400 persons overflowed downtown Toronto's Metropolitan United Church Sunday for a special Lutheran service attended by Dr. Urho Kekkonen, president of Finland,

## NEWSPAPER CENSORED BY FRENCH GOV'T

PARIS (UPI) — French authorities today seized the first edition of the Paris morning newspaper "Libération," containing a report of an international commission of jurists accusing French paratroopers of atrocities during the battle of Bizerte last July.

The second edition appeared on the streets with holes in the first and last pages where the story had appeared. France has categorically rejected the commission report.

## 'Time Not Ripe' for U.S. Troops

SAIGON (AP) — Informed situation for President Kennedy, sources said Sunday both the nedy.

United States and South Vietnam now seem agreed that the time is not ripe to bring United States troops to the Communist-menaced nation.

The sources made the observation in commenting on the special U.S. mission headed by Gen. Maxwell D. Taylor, which arrives this week to study the

the fight with the Viet Cong, the Communist rebels, but expressed doubt if some of the deep gloom is justified.

Morale and optimism ran high in July and August, when government troops scored major victories against the Communist forces. Then came a series of September defeats with hundreds of rebel troops overrunning isolated outposts.

### Eight Youths Drown

MANILA (AP) — Eight high school boys were drowned in a weekend boating disaster in the Philippines central Luzon Island.

### Sheep 'Rustled'

HITCHIN, England (AP) — Sheep rustlers were reported Sunday operating just outside London. Lord Lloyd, former colonial secretary, told police 93 lambs have vanished from his farm near here and said: "We are pretty certain it is the work of rustlers. They must have been taken off in a truck."

### Syria Recognized

OTTAWA (CP) — Prime Minister Diefenbaker announced Saturday that Canada has extended recognition to the government of Syria.

## Logging Takes New Look

Oxen logging on a skid road, as seen in picture at top left, was accepted way of moving timber to market in 19th century. Today diesel engines and rubber tires, seen on truck and "jammer" at top

right, do the same job, but many times as fast. Railroads have new look too. At lower left is tiny 10-ton Porter rod engine, and at right is powerful, high-traction diesel electric.

## Research Group Meeting

Wood technologists from British Columbia and the western states will gather at Qualicum Beach today and Tuesday for the annual meeting of the Pacific Northwest Section of the Forest Products Research Society.

The section has over 500 members, of whom approximately 100 are resident in B.C. Dates were fixed to coincide with the observance of National Forest Products Week this week.

Meeting opened today with technical sessions, and concludes Tuesday with an all-day field trip to the Crown Zellerbach complex at Elk Falls and side trips to company logging shows and plantations along the way.

Speakers were Charles Clapham, B.C. Research Council; D. S. Smith, head of the division of technical services, B.C. Research Council; Fred Milligan, industrial engineer, Crown Zellerbach Building Materials Ltd.; M. Salamon, Vancouver Laboratory, Forest Products Research Branch, Canada Department of Forestry, and James Bachrich, Vancouver dry-kiln manufacturer.

Guest speaker at the annual banquet tonight will be Bob Smith, editor of Crow's Lumber Digest. A new Russian film on wood-cutting operations will conclude the banquet program.

## B.C. Forest Tug Fleet Found Largest in World

B.C. lumbermen are well aware that tow-boating is an integral part of the local forest products industry but are generally surprised to learn that B.C. boasts the largest, most flexible and possibly the most diversified fleet of tugboats to be found anywhere in the world.

It is a reliable estimate that around 480 tugboats and 1,200 plus barges and scows are currently operating in B.C. At most 75 per cent of the total sea-time amassed by this industrial flotilla is occupied moving products derived by B.C. giant forest industries.

The West's rugged, broken coastline and B.C. offshore islands, currently being logged,

are calculated to produce a shoreline roughly 10,000 miles long.

As most logs must first be reaped along this vast shore, then marshalled at a central point and transported long distances over water to the various industrial conversion plants, it follows that towboating and the logging and forest products industry must maintain a working harmony.

As the forest products industry radiates further afield in its search for logs, and as new plants are erected in order to effect more complete timber utilization, the role of B.C.'s towboat fleet becomes more vital and the number of tugs available to the timber industry continues to grow.

In addition to the official fleet of registered tugs the industry itself operates a small armada of about 3,500 work boats, boom boats and camp tenders, all of which are liable to shunt waterborne logs in an emergency.

In 1960, when B.C. pulp production exploded from 180,000 tons per annum 10 years ago to a staggering 650,000 tons—at least 50 per cent of this total production was moved by the local towboat fleet. Almost all the log production along the B.C. coast travels by tugboats and self dumping barges to converting plants. Forty per cent of B.C.'s newsprint production is transported by tugs and barges.

## PERTINENT FACTS

Here are some other facts about British Columbia's forest industries.

They employ 73,366 people—

in logging, sawmilling, pulp and paper, plywood manufacturing and related industries.

Net value of forest production in 1960 (\$675,000,000) equals approximately 40 per cent of all goods produced in British Columbia, and about one-eighth of all Canada's commodity exports.

In one year, 1960, the forest industries invested \$110,700,000 in new construction, equipment, maintenance and repairs to insure growth and keep competitive.

British Columbia's economy

It should always be remembered in buying lumber that the important thing is the purpose for which the lumber is intended. This will ensure that you get the right grade and the right species for the job.

## NATIONAL FOREST PRODUCTS WEEK, OCTOBER 15-21

From Vancouver Island to Newfoundland and from Alaska to the Mexican border, this week—October 15 to 21—is National Forest Products Week.

What are the forest products that will be saluted during this week? All of them — the products familiar to all of us and the one we know little about.

Most of us live in houses built of lumber and plywood from the forests. Wood has always been the main material for our homes. From the time we are born we never get far from the forests. The baby's cradle is wood. We eat off tables made of wood and we sit on chairs made of the same substance. Even when we go to school we find more wood in our lives in buildings designed in the beautiful and durable products of our forests. The same is true of our churches and of many other public and commercial structures that use wood for structural or decorative purposes.

This is a good time to learn a brief lesson about our forests. They have supplied the lumber to build our country since the days of our earliest settlers. They still supply the endless flow of logs for lumber, plywood, pulp and paper and thousands of other products.

Most of all, our forests are a renewable natural resource. Today, foresters manage our trees just like any other crop. From this new concept of farming our forests we now have the promise that there will be enough trees to supply our growing nation with wood in all its varied forms in perpetuity.

National Forest Products Week, Oct. 15-21

## National Forest Products Week

OCTOBER 15 - 21, 1961

British Columbia has a big stake in the success of NATIONAL FOREST PRODUCTS WEEK—October 15 to 21—which we are now celebrating in Canada and the United States.

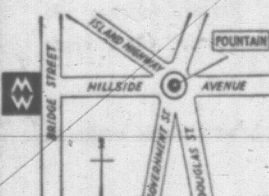

In the comparatively few years since the first white man navigated the wide prairie, scaled the Great Barrier Reef of the Rockies and followed the westward flowing rivers to Interior B.C. and the Pacific Shore, our attitude toward the forests has undergone an astonishing change. To the early settlers the forest was nothing but a downright nuisance, something to be hacked down and burned off to make room for farms and homesteads—something to be fought and defeated.

Today, we recognize that good agricultural land constitutes but a minute fraction of B.C.'s total acreage (approximately 2 per cent) and that the greater part of our land area is fitted only for the production of tree crops.

By the cold logic of climate, soil and topography, British Columbia is irrefutably committed to a forest economy.

The future of British Columbia is bound to the future of her forests and it seems only fitting at this time that we should join with the rest of the nation and the rest of the continent in recognizing the part the forest has played and will continue to play in the life of the people. We are heartily pleased to join in a salute to NATIONAL FOREST PRODUCTS WEEK.

## U.K. Press Renews Plea To Cancel Visit to Ghana

### OPPOSITION MEMBERS LOSE HOUSE SEATS

ACCRA: Ghana (Reuters)—The government has disclosed that four members of parliament, among 49 persons arrested 11 days ago, have lost their seats as a result of their detention.

The four MPs were opposition United Party Leader Joe Appah; United Party members Victor Owusu and S. G. Antor; and P. K. Quaidoo, former social welfare minister in President Kwame Nkrumah's cabinet and a member of Nkrumah's Convention People's Party.

Members of parliament lost their seats under Ghana law if they are arrested under the Preventive Detention Act or if they are absent for 20 consecutive sittings of parliament.

The arrests were said to be due to plans to assassinate Nkrumah and other conspiracies to disrupt the state.

LONDON (Reuters)—Two more London newspapers voiced concern today about the safety of the Queen during a scheduled tour of Ghana next month.

Both the right-wing Daily Sketch and the Conservative Daily Telegraph questioned the wisdom of going ahead with the tour in view of strained relations between Ghana and Britain and the current unrest in the African nation.

Leaders of Britain's Liberal party have called for cancellation of the tour because of possible risk to the Queen.

The Sketch suggested today that Prince Philip might be asked to make the tour with her.

"How else can the Queen be spared possible involvement with party politics without upsetting President Kwame Nkrumah too much?" the newspaper asked.

It said the British government could play no part in the decision. "It is Dr. Nkrumah's right, as head of the government of Ghana, to give

'political advice' on the practicability of the Queen's visit."

This was because officials were not satisfied that the tour would involve "grave physical danger" for the Queen, the newspaper said.

**MIGHT HURT REACTIONS**

"If they were satisfied, the trip would be off without question."

"To call off the tour again—it was put off once because of the birth of Prince Andrew—might be taken as virtually breaking off relations with Ghana."

The Telegraph said there must be "much graver doubt and anxiety" about the visit than a week ago.

"There was always the danger that her visit might be misconstrued as expressing approval of the regime and its activities," The Telegraph said.

"It would certainly be a cruel mockery for those now suffering for ideals we share to see her chatting with their jailers."

"To this danger must be added another: The risk to the Queen herself. The air hums with rumors of unrest in Ghana."

Relations between Britain and Ghana have been strained as a result of the recent arrest of 49 Ghanaians on charges of plotting against Nkrumah.

The British press bitterly criticized the arrests and touched off equally bitter counterattacks by the Ghanaian press against Britain.

## S.A. WON'T LEAVE UN 'DESPITE PROVOCATION'

KIMBERLY (AP)—Premier Hendrik Verwoerd said Saturday night South Africa will not leave the United Nations "in spite of extreme provocation."

Referring to the vote of censure that followed South African Foreign Minister Eric Louw's speech before the United Nations General Assembly in New York last Wednesday, Verwoerd declared:

"The South African government will not allow this incident to affect its sincere adherence to the essence of the charter of the United Nations. . . It will not leave the United States now in spite of extreme provocation but still hopes that its stand on the basic principle of non-interference in the domestic policies of member nations will prove successful . . ."

Members of the African-Asian bloc organized the censure vote after Louw defended his country's white supremacy policies.

## Mob Attacks Moslems

ORAN, Algeria (Reuters)—Moslems in the city after attacking two cars full of Arabs and setting them afire. The driver of one car was hauled into the street and kicked and beaten to death by the crowd.

The violence was in retaliation for an incident in which a European mob killed two Moslem gunmen shot and killed one European youth and wounded another.

## U.S., Soviet Hope To End Deadlock

UNITED NATIONS (CP)—Soviet Deputy Foreign Minister Valerian Zorin and U.S. Ambassador Adlai Stevenson are expected to meet again soon in an effort to break the deadlock over appointment of an acting United Nations secretary-general.

Since their last meeting, last Tuesday, both men have made public statements pinpointing the issues that have arisen in their negotiations for an interim successor to the late Dag Hammarskjöld to serve until April, 1963.

Stevenson confirmed Sunday that the two big powers agree that U Thant of Burma should get the job.

Two main issues now remain to be settled:

1. How many under-secretaries the interim secretary-general should designate as principal advisers, and which parts of the world they should come from.
2. What kind of statement he should make of his intentions to consult them, and when he should make it.

**FIVE ADVISERS**

The United States favors giving the UN chief five principal advisers, from the U.S., the Soviet Union, Africa, Latin America and West Europe. The Russians insist that if a West-European is named, he must be balanced by an East-European from the Communist bloc.

External Affairs Minister Howard Green said early in the session that U Thant would

be an "excellent" choice for the interim post.

Zorin demands that before the Security Council recommends any man for acting secretary-general, the candidate should state his intentions to name principal advisers, consult them and try to solve problems "in agreement with them" or "on a basis of mutual understanding."

The U.S. thinks he should commit himself to nothing more than a pledge to consult his deputies "in a spirit of mutual understanding." The U.S. also insists that the statement should not be made until after the acting secretary-general has been approved in the Security Council.

Three out of four new churches have roofs of engineered timber construction. Most of these feature glued laminated wood.

Sensational Skin Cream Discovery Helps  
**FADE UGLY BROWN SPOTS\***  
Face, Neck, Hands and Arms

At last! Cosmetic scientists have developed a delightful white skin cream called **FAYD** that quickly helps dim and fade away ugly brown weathered age spots and freckles on face, hands, neck and arms. It quickly makes skin clearer, smoother, younger-looking.

**FAYD** is an all-purpose cream for every member of the family. For women, it helps clear complexions, coaxes return of youthful skin, for men, it softens skin roughness, even helps reduce enlarged pores. For teenagers, it starts drying up surface pimples the moment it is applied. For every member of the family, its miracle-like action helps clear complexion.

**New FAYD**  
Helps Nature Restore Young-Looking Skin Fast

**FAYD** is not a cover-up. This potent, medicated cream penetrates under the skin surface to aid in breaking up clots of pigment which cause surface blemishes. So if your skin is dry, flaky, blemished, rough, red, weather-beaten or old-looking, start using **FAYD** today. For best results use it twice daily as directed. Never messy—it's delicately fragrant and kind to your skin. Get a jar today, only \$1.50—30 day supply. Economy size—3 full ounces—30 day supply only \$3.95.

# Pigs Roasted to Feed Spirits of the Dead

By HUMPHRY DAVY

The remains of 849 Chinese, who had hoped to be buried in their homeland, were interred in a mass grave Sunday in Victoria's Chinese Cemetery at Penzance Point, Gonzales.

They were buried in accordance with ancient Chinese practices dating back to more than 1,000 years before Christ.

## FIRST, LAST

It was the first ceremony of its kind held in Canada and will probably be the last as most Canadians of Chinese origin today have adopted western burial practices.

The interment in mass graves marked the end of a tradition by the Chinese people to have the remains, which were stored in small boxes in a building on the cemetery, returned to the homeland.

The practice was brought to an end by wars in China and finally the Communist government's refusal to accept the remains of citizens who emigrated to North America.

## TO CHINA

Before the thirties it was the custom for the Chinese to bury their dead in Canada and to have the remains exhumed about eight or 10 years later for shipment to China.

The remains buried Sunday had accumulated during the period since the Japanese invaded China in the thirties. Shipment of bones of people who died in the twenties and exhumed from various grave sites across Canada, were stopped.

The bones were stored at the graveyard here in the hope they eventually would be shipped to China. But the Second World War intervened. Later the Communist Party refused to permit the entry of the bones.

## BROKE DOWN

Many Chinese families, however, discarded the old practice after the Second World War and buried their dead in the cemeteries of their respective communities. The ancient practice from then on began to break down.

"The Chinese people now no longer think it is necessary to bury their dead in China," an official of the Chinese Consolidated Benevolent Association said. "So there is no reason to keep the remains stored here."

He explained that many Chinese are now born Canadians.

"Most of their relatives are now in Canada," he added. "Their outlook and beliefs have changed."

Sunday's ceremony was arranged by the Chinese Consolidated Benevolent Association which decided that the remains would be buried in accordance with old Chinese traditions as many of the dead were pioneers.

Many of the dead were victims of mining accidents in Nanaimo and Cumberland. Others were miners who had searched for gold in the province.

## PIGS ROASTED

The ceremony included the roasting of pigs and the offerings of fruit and vegetables to ensure that the spirits of the dead were well fed in their journey beyond.

Hundreds of people watched the ancient ceremony. Smoke rose from blazing josticks and candles on an altar.

The remains, all of which are identified, were placed in a mass grave.

When the offerings had been made to the spirits, sod was turned over onto the small wooden boxes which had waited years to be buried.

OFFERINGS OF ROASTED PIG, wine, fruits and vegetables were made to spirits of the dead at an ancient Chinese burial ceremony at Penzance Point Sunday. Shown here are (left to right) Wah Quan, president of the

Chinese Benevolent Consolidated Association, Wong Whan, an official of Chinese Free Masons, David Lee, secretary of CBCA, K. Y. Quon, teacher, and Roger Lee. — (Robin Clarke Photo.)

# Victoria Daily Times

VICTORIA, B.C., MONDAY, OCTOBER 16, 1961—PAGE 17

## Columbia Project Right On Schedule—Williston

By GORDON BELL  
Times Business Editor

"There has not been 15 minutes of time wasted on development of the Columbia River," delegates to the fall conference of the Pacific Northwest Trade Association were told today by Lands and Forests Minister Ray Williston.

"Despite everything you read we are right on schedule," he told the group which has backed and encouraged the Columbia project for many years.

Mr. Williston pointed out that since he had last addressed the PNTA last spring, B.C. had been spending about \$400,000 a month preparing plans, drawing up water rights licence documents and reviewing all details of the project.

The other provincial power project, the Peace River development, he said, tied in with the theme of this conference of "Our Diversified Industrial Future" and stressed the importance placed by the government on diversification not only as to kind of development but also as to place.

"In B.C. we have taken steps to diversify our industrial base particularly through this plan to develop the north, central area and make its economy more stabilized and competitive," he said.

## MOVING FAST

He noted that the area now had no major source of industrial power but that the Peace River project was moving ahead swiftly to meet that problem.

About 200 delegates from B.C. and Alberta are attending the three-day conference in the Empress Hotel where emphasis is being placed on the practical aspects of diversifying the regional economy to gain more rapid growth of industry.

## PANEL TALKS

A feature of the conference will be panel discussions on case histories illustrating diversified industrial growth enterprises which have become successfully established in recent years.

These discussions will be led, mostly, by the men who actually established new industries and made them work.

Other featured speakers will be John J. McCloy, former special adviser to President Kennedy on disarmament who was U.S. High Commissioner in Germany for four years, and S. M. Blair, president of Canadian Bechtel Ltd. of Toronto.

Keynote speaker at the opening session this morning was Charles L. Hamman, director of institute development at Stanford Research Centre, Menlo Park, Calif.

## BIG DIFFERENCE

Mr. Hamman said industrial development today was far from the "classic, textbook" situation of a few years ago. The number of industries which had wide latitude in location was growing rapidly, he said, and no longer were former key factors such as transportation, raw material

## Green Light For Municipal Golf Course

Wheels were put into motion today to develop a nine-hole municipal golf course at Beaver Lake costing about \$125,000.

The proposal was made by Saanich council and endorsed by city parks committee which finally recommended Victoria:

1. Establish a recreational centre including the golf course jointly with Saanich;
3. Support a money bylaw to finance the development "if required."

## LONG-TERM LEASE

Saanich Reeve George Chatterton, leading a delegation of his council, said his municipality wants to develop a municipal course either jointly with the city or alone if the city will give it a long-term lease.

He said Saanich would hire an architect to construct a first-class course and expected the cost would run to \$75,000-\$125,000 "or more."

Purpose of the proposal "is not to make a profit but to look after the normal recreational needs of the public," Reeve Chatterton said.

Green fees would be kept as low as possible. A percentage of any net profit would be given the city for rent and the rest ploughed back into the development.

## NEAR CONCESSION

Coun. Leslie Passmore said the clubhouse might be located in or near the existing Beaver Lake concession building to provide a centre for the recreational area.

"It would serve the whole family," he said. "Mother and the kids could go to the lake beach and father to the golf course, or vice versa."

City council will have the final say on the proposal endorsed by parks committee which involves establishing the joint operation on the basis that the city would provide the land and some of the capital cost, if necessary, while Saanich underwrites most of the development.

## ASK The TIMES

Q. Would you please tell me which branch of the Dunsmuir family lived in "Burleigh" in Victoria West and in what years they occupied the house? Mrs. D.T.

A. The James Dunsmuir lived at "Burleigh" since its construction in 1891 until they moved to Government House in 1902.

Q. Could you please tell me if Ernie Ford is on the air this winter? J.M.

A. Tennessee Ernie Ford is off the air this season.

Anyone wishing a question answered is invited to send the problem along to The Times, addressed to "Ask the Times" Editor, Guelphville and answers will be published daily. All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums or legal problems. No will attempt to put a value on old coins, stamps or antiques. These should be submitted to a dealer.

## TOPICS OF THE DAY

### ALEUTIAN CHILL SETTING IN

It's going to be cooler, so button up those overcoats. A new weather system moving down from the Aleutians will end the balmy weather enjoyed by Victorians over the weekend.

Saturday's record high of 69.6 and the Sunday high of 61 will give way to a low tonight of between 35-42 and a high Tuesday of 55 degrees.

The outlook for Tuesday is one of increasing cloudiness with sunny periods.

Weatherman Bill Mackie reports the winds will be from the west at 15 miles per hour.

### Fraud Charge Amendment Approved

John Blair, formerly of Victoria, was charged in B.C. Assize court today with the defrauding of Thomas and Ethel Oxland, 155 Linden Ave., of \$12,000 in a real estate deal.

Mr. Blair, a bespectacled middle-aged man with graying hair, pleaded not guilty to the charge after his defence counsel, W. Berkeley Monteith, had protested the wording of the original charge.

### AMENDED

Mr. Justice R. A. Wootton assented to Mr. Monteith's request that the charge be amended.

The charge was read after Crown Prosecutor William R. McIntyre had added certain particulars to it.

As amended the charge stated that Mr. Blair had offered the first mortgage on an Vancouver Island estate, representing that the title was held by International Anti-Radiation Ltd.

A jury of 12 men and women was then selected from a panel of 30 and sworn in. The trial proceeded this afternoon.

Victoria Public Library will repeat its course for training 16-millimetre film projectionists late this month. Classes will be held at 7.30 p.m., Oct. 23, 25 and 27. Fee is \$2. Graduates are given volunteer community projection service operator's card.

Three women were treated for minor injuries at St. Joseph's Hospital early Sunday and released after a car accident at the Fountain Circle.

Police said a car driven by Marguerite Guay, Cobble Hill, was in collision with one driven by Linda Chipping, Sidney, and bounced off a guard rail after brushing a street sign.

The Guay car passenger was identified as Mary Woltowicz, Duncan. Damage to both cars was said to be light.

Lillane Leboit and O. Leesment won the weekly tournament of the Victoria unit, American contract bridge league.

Freda Small and Laura Tingley finished second, followed by Pat Bishop and Harry Rolfs. Ethel Cleworth and Simon Marinker were fourth and Jo Waddington and George Morgan gained fifth position.

New chief of the Langford Volunteer Fire Brigade is David Smith, 2550 Millstream, a former lieutenant in the department whose full-time occupation is with the naval fire department at Esquimalt Dockyard.

Chief Smith succeeds Richie Lesquesne who held the post for two years before moving to Vancouver for business reasons.

A Victoria hunter walked out of bush near Macdonald Lake in the Leechtown area today shortly before a search was to have been started for him.

Ronald Day, 1735 Taylor, was last seen by a fellow hunter Sunday at 5 p.m. and was reported clear of the woods at about 8 a.m. today.

The Ontario Social Group of Victoria will meet Wednesday at 8 p.m. at 1400 Broad Street.

The CNB will present a model of the ship Prince Robert to the Maritime Museum on Wednesday at 2.30 p.m.

Admiral Finch-Noyes, flag officer, Pacific Coast, will receive the model on behalf of the museum.

The Prince Robert captured Canada's first prize in the Second World War, the German commerce raider Weser.

She was also present at the surrender of the Japanese at Hong Kong.

Charges are pending against a juvenile caught at about 3 a.m. Sunday by Saanich police after a high speed chase in the Victoria College area.

The car was seen running two stop signs before accelerating to about 60 miles an hour on Lansdowne and turning north onto Richmond.

The fleeing auto turned onto Ernest and stopped outside 1906 Ernest where the driver jumped out and took to the bushes where police "flushed" him.

The Air Force Officers' Association of Vancouver Island will meet Wednesday at 1212 Quadra Street. Lt.-Cmdr. F. B. Barclay will address the meeting.

The St. Alban's 50-Up Club will meet in the parish hall, 1468 Ryan Street, Thursday at 2.15 p.m.

A variety of games, stalls, homecooking will feature the Lansdowne Junior High annual fall fair to be held Friday at 7.30 p.m. Doors open at 7 and police will help with parking.

### NAVAL SHIP MOVEMENTS

Skeena and Grilse left this morning, return Friday afternoon.

First meeting of the season of the Victoria Gladiolus Society will be held on Thursday at 8 p.m. in the Council Chamber of the City Hall, Pandora entrance.

Officers for the coming year will be elected, and George Heath will present awards for the 1961 show.

Cloverdale PTA will meet tonight at 8 at the school. Mrs. E. Huber will speak on the Guisenaire Method of teaching arithmetic.

## B.C. to Agree On \$1 a Head For Centenary

B.C. will probably go along with the idea of a \$1-a-head grant for Canadian centennial projects in 1967.

It would mean spending about \$1,600,000 in B.C. The federal government would match this, and local communities would pay another third toward approved projects.

## B.C. IDEA

Provincial Secretary Wesley Black, just returned from a series of Ottawa meetings for the centenary, said today the per capita grant idea was suggested by B.C. in the first place.

Ottawa originally rejected it. "But lo and behold this time they came out of the blue with it," said Mr. Black.

He said he will report on the offer to the B.C. cabinet and it will be up to them to accept or reject it.

## SAME FORMULA

However, he pointed out that this was the same basis for provincial grants during B.C.'s centennial in 1958.

Mr. Black also said that B.C. would like to see more aid to provinces for 1967.

"We're going to keep pressing for administrative grants, too," he added.

They would help pay for the cost of actually running the centennial celebrations.

Ottawa also announced at last week's meetings that it would pay for specific "federal" centennial projects out of an over-all \$100,000,000 budget.

First of these will be a new national art gallery.

## NEW ARCHIVES

B.C. believes there are such projects which could be done in the provinces, too.

"We don't want to see the major part of this capital to be dumped in Ottawa," he said.

It is speculated that under this category B.C. will press for a grant to build its own new archives and museum.

## Police Probing Weekend Rash Of Burglaries

City detectives were kept busy today investigating nine break-ins, attempted break-ins and thefts over the weekend.

Despite the number of offences, no organization of professionals was suspected by police. All of the cases appeared to be the work of amateurs.

Thieves broke a padlock on the office door of a used-car lot at 938 Fort overnight and took the keys to steal a 1955 sedan which was still missing at press time.

## CAMERA STOLEN

At 10.30 p.m. Saturday a patrolling constable discovered a smashed window at Victoria Color Photo, 933 Fort. Missing were a camera valued at \$85 and two light meters valued at \$9 and \$12 respectively.

Police said a pop bottle was used to smash the glass.

In two of the weekend incidents the intruders turned to fire as well as theft.

## RANSACKED

A small fire that did slight damage was started near a building at New Method Laundry Ltd., 947 North Park, early Sunday after the firm's trucks had been ransacked and registration papers taken.

At 9.20 a.m. today officials of Health Construction reported to city police one of their trucks parked at a service station at 945 Kings had been tampered with.

## STARTED FIRE

Investigation showed that four or five furniture blankets had been taken, and a fire started in an old blanket in the cab of the truck.

About \$8 in silver was taken Sunday from Rapid Shoe Repair, 1052 North Park, where thieves broke a front door window and then jimmied the door open to gain entry.

The break-in was discovered by police checking Island Hydraulic, next door at 1056 North Park, where a window had been broken and entry gained but nothing taken.

## DOOR FORCED

Thieves also drew a blank at Red's Tire Service, 925 Johnson, where entry had been gained by forcing a rear door. A tire hammer had been used to knock the dial off the safe but no further damage was done and the contents remained intact.

At the Otis Elevator Co., 622A Broughton, a door lock had been tampered with but no entry made.

## Good Samaritan Rewarded With Beating, \$10 Theft

A city Samaritan was badly repaid for his kindness in driving a stranger home Sunday morning.

A constable patrolling Bay Street near Victoria Machinery Depot about 12.20 a.m. found John William Stewart, 1565 Elgin, slumped over the wheel of his car, which was stopped some distance from the curb. His face was covered with

blood and he had a swollen eye. He was treated at Royal Jubilee Hospital for cuts, bruises and shock and released.

The motorist told police he had offered an unidentified youth a lift at a hotel and as they drove along Bay the man had struck him repeatedly before making off with his wallet containing \$10 and some papers.

SHOPPING GUIDE

## Breathtaking in Her New Formal Full-Length Gown

By PENNY SAVER

The little miss who longs to include glamor among her collection of dolls, will be overjoyed with the perfect little debutante, to whom I've been introduced. Standing 30 inches tall, she emulates the air of a true aristocrat.

She's dressed in a beautiful magenta-colored satin ball-gown, posed over a white crinoline, with a front panel of silver net over a white underskirt.

Outfit is completed with pearl earrings, removable pearl necklace, brooch, rhinestone tiara, full length gloves, and springulator pumps. Sounds adorable doesn't she?

Her moveable limbs are made of unbreakable plastic, and blonde hair can be re-styled by her young mistress. Originally \$15, she's now yours for \$7.77.

Older sisters, who may be collecting china for their hope chest, this is for you! A store manager has told me that owing to fact that Great Britain is planning on joining the European Common Market, the price of china, among other things, is bound-to go up.

China cups and saucers, made in England, and regularly selling for \$1.39, are now only \$1.09. Fancies, daisies, and roses are included in a few of the many floral patterns. Simply charming for that afternoon cup of tea. But simply!

If you're interested in these articles for playroom and china cabinet, give Penny a call at EV-2-3131.

## THE BETTER HALF

By Bob Barnes

"You traitor! ... I sent you to wake him up!"

## DEAR ABBY ...

## Grow Up, Lady!

By ABIGAIL VAN BUREN

DEAR ABBY: I am 46, and my husband is slightly older. We have been married 20 years. My husband, at his age, is still collecting stamps! He spends hours filling stamp albums. How embarrassed I am when I tell my friends my husband is busy with his stamps! For a young boy, this hobby is fine, but not for a full-grown man. Please set my husband straight.

MRS. G.

DEAR MRS. G.: I am afraid it is YOU who should be set straight. Stamp collecting is a very worthy hobby for a person of any age. Why don't you take a leaf out of your husband's book? This is a hobby that really sticks!

DEAR ABBY: Do you think it is fair for parents to put their children in boarding schools and leave them? I started in the first grade, and now I am a senior. If you've

spent only four years all told with your parents, could you love them? I can't. I have had all the material things that any child in this world could want but, in my opinion, the poorest child who lives at home in the slums has more than I will ever have. He has "love." Thank you, Miss Abby, for letting me get this off my chest. I could never say this in confession without being punished. May God's love for you be eternal, and may Mary bless you. Am I wrong?

UNLOVED: Perhaps you are. Most parents do what they feel is best for their children. You are not expected to understand the full meaning of this until you, too, are a parent. Save this and remember it.

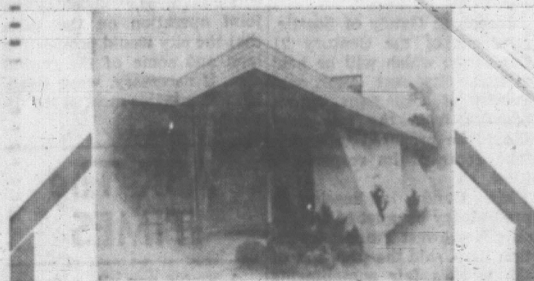

DEAR ABBY: Every boy I take an interest in starts telling me his troubles as though I were his sister. I listen sympathetically, but am very much annoyed when the evening turns out to be nothing more than an advice session. How can I establish the fact that I am not simply a shoulder to cry on, and have troubles of my own?

EVERYBODY'S SISTER: DEAR SISTER: Quit acting like a sister—and the boys won't react like brothers. A girl can't expect to play the romantic lead in the life of every boy she meets, but if she is ALWAYS handed the sister part—there is something too sisterly about her approach.

What's troubling you? Write Abby, care of 205 Park Rd., Burlingame, Calif. Include self-addressed stamped envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50c to Abby, 205 Park Rd., Burlingame, Calif.

Royal Roads Chapter, IOOE, home of Mrs. B. Shaw, 1010 Oliver St., Wednesday at 8 p.m.

## Beauty—Dignity And Consideration

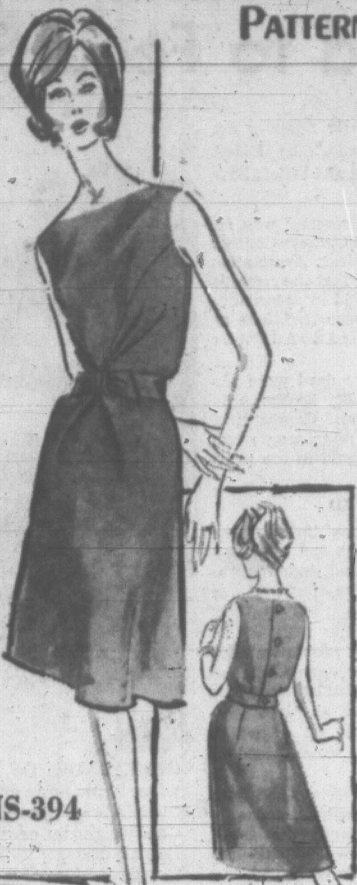

Service of sincere dignity and beauty ... with consideration in all matters, including cost. These are some of the reasons why McCall's are the first-choice of Victoria families.

## Spadea's INTERNATIONAL DESIGNER PATTERN

NS-394

Antonio De Luca

Antonio DeLuca pairs off a sleeveless, boat-neck top with a gentle flare-of-skirt for one of the season's most successful mergers. The newly shortened overblouse is treated to slanted front seaming flanked by soft drapery. Continuing the theme, deep folds converge at the centre-front of the separate skirt. Select your correct size from this chart. Our sizing is comparable to ready-to-wear sizes.

SIZES	BUST	WAIST	HIPS	LENGTH*
10	34	24	35	16 1/2"
12	35	25	36	16 1/2"
14	36 1/2	26 1/2	37 1/2	17"
16	38	28	39	17 1/2"
18	40	30	41	17 1/2"

\*From nape of neck to waist.

Size 12 requires 2 1/4 yards of 50-inch material for two-piece dress.

To order Pattern No. NS-394, state size, send \$1.25. For air mail handling, add 25c. For Pattern Books No. 17, No. 18 and No. 19 send \$1.25 for each. Combination offer all three for \$3. Address Spadea, Box 993, G.P.O., Dept. CVX5, New York 1, N.Y. Please allow two weeks for delivery.

Spadea Patterns are the ONLY patterns using ready-to-wear sizes.

## TODAY'S RECIPE

### APPLE SPANISH CREAM

One envelope gelatin, 3 cups milk, 1/2 cup light corn syrup or 1/4 cup sugar, 3 eggs, separated, 1/4 teaspoon salt, 1 teaspoon vanilla, 1 cup finely shredded apples, 1 cup chopped nuts.

In top of double boiler, soften gelatin in the milk. Place over hot water and add corn syrup or sugar, stirring well until dissolved. Pour this mixture over slightly-beaten egg yolks in a bowl; add salt. Return to double boiler and cook until thickened, stirring

constantly. Remove from heat, add vanilla and stiffly-beaten egg whites. Fold in finely-shredded apple (with some of the red skin left on for color) and the chopped nuts. Heap into a large jelly mold or individual molds. This will separate to form a custard layer on top with jellied bottom layer. When firm, unmold onto serving plate and serve with whipped cream garnished with fresh, unpeeled apple slices.

## WHY GROW OLD?

By JOSEPHINE LOWMAN

## It's Trick and Treat Time— You Can Lose 5 Pounds in 7 Days

October is the month when we think of "Trick-Or-Treat." My trick and treat diet is no Halloween

prank because it gives you treats on your menus and tricks the pounds you want to lose. This is a diet of short duration, only seven days, but it will bring you a loss of about five pounds.

I think that it is much easier for a woman to stick to a diet which is planned for her than to count calories, especially if the diet gives her a quick loss. That is why I sometimes offer such diets in my column.

If you have only five pounds to lose, you can do so in seven days. If you have more to lose, a quick loss gives you an encouraging start. If you

have a lot of weight to lose, you will have to count calories for the long pull and do it more gradually.

Every day this week I will print the menus for the following day. Here are the menus for tomorrow.

### MENUS FOR TUESDAY

#### BREAKFAST

Six ounces orange juice. One poached egg on toast (one tablespoon of chili sauce on egg or sprinkling of grated cheese).

Coffee with one teaspoon of sugar.

#### LUNCHEON

Toasted cheese sandwich (two thin slices of bread and a thin slice of American cheese—the equivalent of two heaping tablespoons of the same).

One eight-ounce glass skim milk.

One-half cup sole slaw.

#### DINNER

One cup consommé (canned)

Four ounces of lean beef (broiled). Sliced tomato. One baked potato seasoned with onion salt and parsley.

Two small pieces of hard candy.

If you would like to have my complete Trick and Treat Diet, send 10 cents and a stamped, self-addressed envelope for the convenient, pocketbook-size booklet. Address Josephine Lowman in care of this newspaper.

## Of Personal Interest

### Tour of Commonwealth Countries

Another step toward fulfilling a desire to visit countries within the Commonwealth will be taken in early November by Miss Margaret Fisher. Leaving Victoria on P & O-Orient liner Canberra, Miss Fisher's destination will be Wellington, New Zealand. Two and a half years ago, she left Coatbridge, Lanarkshire, in her native Scotland, arriving in Toronto, where she worked for five months. On leaving Toronto, the traveller came to Victoria, where she has been a receptionist for a local real estate firm for the past two years. Her future plans include working in Wellington for a year, then on to Australia before returning home to Scotland.

### Christening

Angela Ann were names received by the eight-month-old daughter of Mr. and Mrs. H. O. Past in a recent ceremony in St. Alban's Anglican Church.

Godparents for the little girl are Dr. Christine Paulus, Boehm of Vienna, Austria; Mrs. Mabel Leithal, Vancouver, and Mr. Eric Vanajan. Maternal grandparents are Mr. and Mrs. Anthony Penn, of Alderly Road, and paternal grandparents are Capt. Evold Past and Mrs. Past, of Beach Drive. Following the ceremony, a buffet supper was served to friends and relatives in the Kendal Avenue home of the baby's parents.

### At the Opera

Mr. and Mrs. G. A. R. Stelck were in Vancouver on the weekend to attend the opera "Tales of Hoffman" in the Queen Elizabeth Theatre. They were the house guests of Mr. and Mrs. W. J. Perry in the mainland city. Their daughter, Miss Aletha Stelck, left today for the mainland, where she joined a group of travel agents for an orientation tour of Mexico. She will be away for two weeks.

### CANADIANS AND AMERICANS PROMOTE SHOWS IN TACOMA

Influence of 30 wives of RCAF officers, now serving with the American forces at McChord Air Base near Tacoma, Wash., has resulted in another "first" in field of international relations on the West Coast. Spearheaded by Mrs. John Sutherland, chairman of the luncheon committee of the base's Officers' Wives Club and wife of Wing Cmdr. Sutherland, RCAF, they've "sold" their American co-workers on a series of fashion shows that will feature smart, tailored wool stylings that have earned Victoria the reputation of being a mecca for discerning tourists from "across the border."

Stores chosen for these shows is W. and J. Wilson Limited, a firm that started 99 years ago when William Wilson came from England around the Horn in 1862 to join the gold rush. Astute, the pioneer had brought six trunks of merchandise with him, intending to go into business until such time as the gold rush started. Business was so good, he never did get around to prospecting. Branches in Victoria, Vancouver and Harrison Hot Springs will donate 50 dollar scrips for first show, slated to be held in the new recreation hall at the base on Saturday, November 11. Joining in the international "get together," the Empress Hotel, Vancouver Hotel and hotel at Harrison Hot Springs will offer two days' vacations as door prizes to lucky husband and wife winners. First show will be held during a social evening that will include a cocktail party, dinner and dance. Next show will be Nov. 15 at a luncheon in the new hall. The following day, luncheon show will be repeated at the Tacoma Golf and Country Club at the request of its members. Officers' wives, both Canadians and Americans, the latter including a chic Japanese and equally smart Negress, will act as models for all shows, accenting international flavor of the venture.

### Winterburn-Benson Vows Heard

Patricia Louise Winterburn exchanged vows with Walter Ross Benson on Saturday evening in the First United Church with Rev. A. I. Higgins officiating. The bride is the daughter of Mr. and Mrs. E. C. Winterburn, 4081 Grange Road, and the groom, son of Mr. R. Benson, 922 Old Esquimalt Road, and the late Mrs. Benson. Baskets of pink and white chrysanthemums decorated the church and guest pews were marked with sprays of heather and pink and white chrysanthemums.

### Reception for Pianist

Marek Jablonski, guest pianist at Victoria Symphony Orchestra concerts in the Royal Theatre, Sunday and tonight, will be honored late this evening at a reception given by the women's committee to the Victoria Symphony Society in Oak Bay Beach Hotel. Receiving guests will be Mr. and Mrs. J. Barraclough, Mr. and Mrs. G. A. Neely and Mrs. H. Thirwall. Presiding at the refreshment table will be Mrs. Percy B. Scurrah and Mrs. R. D. Harvey. Acting as servitors will be committee members, Mrs. S. G. Harknett, Mrs. J. Fraser, Mrs. G. D. Mead, Mrs. L. M. Shore, Mrs. P. P. Lovric, Mrs. R. M. Adamson, Miss M. Ryall and Miss Marianne Fraser. Among invited guests are Hon. Mr. Justice R. A. Wootton, Mrs. Wootton and the Misses Ann and Carol Wootton; Mayor Percy B. Scurrah, Miss Sara Spencer, Mr. Richard Ferrin, Seattle, concert master; Mr. and Mrs. Hans Gruber, the Hon. W. N. Chant and Mrs. Chant, Dr. and Mrs. J. F. K. English, Mr. and Mrs. J. W. Cantelon, Mr. Fraser, Dr. and Mrs. D. Roxburgh, Mr. and Mrs. T. D. Clark, Miss E. L. Forbes, Dr. and Mrs. W. B. Milburn, Mr. and Mrs. J. Pepper, Mr. and Mrs. J. Nimmo, Mrs. G. Macdonald, Mr. and Mrs. W. G. Heaney, Dr. and Mrs. Carron Jameson, Mr. and Mrs. R. Groves, Miss Mary Munn and Mr. and Mrs. D. Townsend. Mr. and Mrs. S. R. Bulman, Fleming and Mr. Sidney Bulman, Fleming, Mrs. S. G. Watts, Mr. and Mrs. H. Brawn, Mr. George Essihof, Miss M.

Victoria Branch of the Consumers Association of Canada is organizing a membership drive. On the committee are, from the left, Mrs. J. Jones; Mrs. W. E. Rolis and the branch president, Mrs. Alfred B. Young. CAC, a national organization, is the self-appointed voice of the consumer and includes leading women's organizations and thousands of individual members across Canada. It is voluntary, non-sectarian and non-political. It unites Canadian consumers; informs consumers of what they should know for their protection and for wise buying; discusses with government officials what laws are necessary in the interest of the consumer; and advises the manufacturer of the consumer's opinion with regard to his product. The more members this hard-working organization has, the more respected is its opinions.

### District Governor Visits Local Altrusa; Grants-in-Aid Month

Greetings from Altrusa 12th District and Altrusa International were brought to the Altrusa Club of Victoria, by Mrs. Bessie Babcock, Moscow, Idaho, governor of 12th district, when she visited here recently.

### Opens Bazaar

Mrs. E. Cownden, district deputy, was introduced by Mrs. R. Fairservice, president, prior to opening recent annual bazaar of the Daughters of Saint George, No. 83. Tea was served by Mrs. D. Turner, Mrs. M. Groat, Mrs. P. Simms and Mrs. W. Underwood. Concoctions were: Home cooking, Mrs. A. Hooper, Mrs. J. Brien and Mrs. M. Mossey; fancy work, Mrs. W. Glover, Mrs. W. Cleaver; novelties, Mrs. A. Harris; and Mrs. L. Ellis; aprons, Mrs. E. MacMillan and Mrs. T. Vivian; chicken dinner, Mrs. M. Kendall; candies, Mrs. H. Clarke; fortune telling, Miss E. Reed; bingo, Mrs. Mossey and Mrs. D. Clifford; tombolas, Mrs. M. Harris and Miss M. Cleaver; tea tickets, Mrs. L. Murphy.

### Winterburn-Benson Vows Heard

### Men Could Compete for Service Jobs as Stenos and Secretaries

HAMILTON (CP) — Men might be wise to have another look at jobs now dominated by women, Una MacLean, Calgary, president of the Canadian Federation of Business and Professional Women's Clubs, said Saturday.

"I may even find myself dictating letters to a male secretary," she told more than 500 delegates at the 16th annual conference of the Business and Professional Women's Clubs of Ontario.

She denied that women take jobs away from men, maintaining that the "most rapidly expanding area of the Canadian economy, and the one which is producing the most jobs, is in the service-producing industries."

"And it is in this field that women find themselves qualified to fill positions which, by and large, men may not be qualified to fill."

Men employed in forestry, farming, mining or manufacturing are not likely to go into the service field if they lose their jobs, she said. But there was nothing to stop such men from qualifying and competing for such jobs.

"Indeed should the trend continue, I would think that the male working force will have to take a look at the job opportunities offered within the Canadian economy and perhaps re-appraise the areas of work in which they wish to qualify themselves."

### Woman Tortured by Agonizing ITCH

"I nearly itched to death 74 years. Then I found a new wonder cream. Now I'm happy," writes Mrs. P. Ramsay of L.A. Calif. Her's blessed relief from tortures of vaginal itch, social itch, chafing, rash and eczema with an amazing new scientific formula called LANACANE. This fast-acting medicated cream kills harmful bacteria germs while it soothes raw, irritated and inflamed tissue. Stops scratching—so speeds healing. Don't suffer! Get LANACANE at drugstore.

- SPONGE RUBBER UNDERPAD**... Waffle type and with fabric back. Makes any rug more luxurious. Sq.

# United Appeal 'Task Force' Starts Big Push

The Big Push is on today, with an army of 1,500 volunteer canvassers ringing doorbells throughout Greater Victoria in quest of \$58,000 for the United Appeal.

It is the biggest volunteer canvass ever organized locally and a vital part of the overall drive to raise \$320,000 for the 22 charities served by the United Appeal.

"We ask you to recognize your responsibilities to the blind, to our youth and aged, to our unwanted children and all the problems of our 22 agencies," said campaign chairman Justin Harbord in a direct appeal to the public Sunday night.

Mr. Harbord was speaking at a mass rally in the Odeon Theatre at which nearly 1,000 of the

1,500 canvassers and team captains were special guests with Mayor Percy Scurrell and the reeves of Greater Victoria municipalities.

A high-spirited atmosphere was sustained throughout the speeches, a concert and stage program which preceded the premiere of a new British movie comedy, "Very Important Person."

Mr. Harbord referred to the residential canvass as "the toughest job of all."

"The two greatest killers of our time," he said, "are heart disease and cancer. . . I confidently expect the city council to grant permission for a Tag Day for the Society for the Prevention of People being Candid any day now."

"Perhaps, I should thank some of the aldermen—I repeat, some of the aldermen—for their won-

derful co-operation in granting tag days right in the middle of the United Appeal," he said with sarcasm.

"I was amused last Saturday to see a small boy busy tagging at the corner of Yates and Douglas, leaning on the United Appeal booth. It seems to me this is a pretty good symbol of the truth, which is that all agencies that insist on remaining independent of the United Appeal have every right to do so."

"But they are leaning on the United Appeal since we are providing an umbrella for them by combining 22 appeals in one, thus making it easier for the independent appeals to succeed."

"It does not take much imagination to see what the effect on these independents would be if

all our 22 agencies appealed separately every year."

Mr. Harbord thanked all United Appeal workers, the management and staff of the Odeon Theatre, the J. Arthur Rank Organization and all who contributed to the success of the rally.

Floyd Fairclough introduced women captains from the residential canvass division and appealed for more volunteers.

Both the Victoria West and Gorge areas are short of canvassers, and Mr. Fairclough invited volunteers to call Victoria West area chairman, Mrs. D. J. Burr at EV 2-1218, and Mrs. H. R. Turner, in charge of the Gorge area, at EV 4-5454.

Except for these two areas, he said, preparations for the neighborhood canvass are in "good shape."

## REMEMBER WHEN?

This picture might have been dug up from some dusty archives, but it wasn't. It was taken Sunday off the California coast and shows Frank G. Tallman piloting a 1910 Bleriot monoplane from Catalina Island to

Long Beach to re-enact first aerial crossing of English Channel. Sailing ship below is full-scale replica of HMS Bounty, returning from Tahiti location of new "Mutiny on the Bounty" movie.—(AP Wirephoto.)

## New Planning Council Major Liberal Policy

By FRANK RUTTER

A new national economic council as a blueprint for Canadian economic recovery was outlined as a major Liberal election plank by national leader Lester B. Pearson here Saturday night.

Mr. Pearson told about 600 persons at a provincial-convention windup banquet that his plan is aimed at making free enterprise and public ownership work in harmony.

It would—without reckless election promises—put an end to what he called present economic stagnation and massive unemployment.

Theme of the economic council would be "planning."

Its members would include representatives from business, agriculture, industry and labor.

Its tasks would include research, tackling new problems, making policy recommendations to the government.

"I give you this assurance," said Mr. Pearson, "in the period of campaigning before the election we will not insult the people of Canada with reckless, irresponsible promises in order to achieve office."

This time the public won't be dazzled by the "wild promises" of the Conservatives which just didn't stand up

against their record in office, he added.

In a speech which barely touched on international affairs and hydro-electric power, Mr. Pearson devoted most of his time to a rallying call for orderly rebuilding of Canada's economy.

He denounced the Conservative government for its opposition to Great Britain joining the European Common Market, a move which he said could be turned into an advantage for Canada.

"We would immediately initiate discussions and negotiations on the extension of the European Common Market across the Atlantic—plus the development of trade across the Pacific which in fact may be equally important," said Mr. Pearson.

"That represents our best chance for economic expansion and development—even survival."

"Such a trading area would

## B.C. LEADER

Victor in keen contest for presidency of B.C. Liberal Association at its weekend convention here was Penticton lawyer, W. A. "Bill" Gilmore, 40. He swept second ballot despite razzle-dazzle campaign by three candidates. (See story page 3.)

## Fishermen Strike

VANCOUVER (CP)—British Columbia's herring fishermen today went out on strike in a dispute revolving about the price for herring.

## Canada Radiation Plan Runs Into Red Block

### BERLIN STRATEGY

## Talks Stymied By De Gaulle

PARIS (UPI)—President Charles de Gaulle vetoed plans for a high-level meeting of western officials in London because he feared the United States and Britain might make concessions to Russia, French sources said today.

### 'BOOBY-TRAP' ELECTRIC WIRE

BERLIN (Reuters)—East German police have strung a "booby trap" wire behind the double-barbed wire barrier sealing off part of the U.S. sector of West Berlin, West Berlin police said today.

A police spokesman said the 2,000-yard-long yellow wire, nine inches above the ground, seemed to be an electric cable rigged to set off warning gunshots when touched.

### Life Raft Spotted

NEW YORK (UPI)—An Air Force search plane today reported sighting a one-man life raft 650 miles off the east coast where a giant B52G jet bomber vanished during Saturday's exercise Sky Shield II.

The first report, released here by coast guard search and rescue headquarters, did not say whether there was any indication of life on the little raft. (See story page 5.)

## Tear Gas Grenades Hurlled at W. Germans

BERLIN (AP)—East German police threw tear gas grenades at a West Berlin crowd today after five East Berliners jumped from a second-storey window of a border house into a sand-filled truck, West Berlin police said.

The incident occurred at Bernauerstrasse, where apartment houses on one side of the street are in the Soviet sector while the sidewalks below are in West Berlin. The area has been the scene of many dramatic escapes by East Berliners.

The sand-filled truck roared up to one apartment house. Seconds later three men and two women jumped into it. West Berlin police said the two women suffered minor injuries in the jump.

The East Germans, meanwhile acknowledged that mobilization of the workers' militia to man the barricades has dealt a serious economic blow. Economic chief Alfred Neumann told the Communist party's central committee Sunday "the withdrawal of workers from a factory for outside activities not connected with their trade must be stopped."

Neumann said industrial output was up. But he said overall production was falling short of targets fixed in the regime's seven-year plan.

JOHN J. McCLOY  
... "no good to plead"

## VOW Trip To Russia 'Useless'

The plan of the B.C. Voice of Women organization to send spokesmen to the International Trade Fair in Russia next year—in an attempt to bring about solidarity with Russian women in a move for nuclear disarmament—was dismissed as useless today by one of the foremost disarmament experts of the U.S.

John J. McCloy, until recently President Kennedy's special adviser on disarmament, said in an interview in Victoria only a realistic approach to what is a tough and complex problem would bring useful results in the disarmament field.

"It does no good to plead or shout for disarmament," said Mr. McCloy, who is here to address the general conference of the Pacific Northwest Trade Association.

"BE PRACTICAL." "We must be practical and persistent about it—and we must not forget that disarmament is not necessarily synonymous with peace," he added.

The VOW proposal has received approval from the group's national headquarters in Toronto. It was suggested some weeks ago by B.C. Attorney-General Robert Bonner when the B.C. organization

## 'What's Rush?' Czechs Ask UN

UNITED NATIONS (CP)—Canada, calling for an urgent world-wide study of atomic radiation, said today it is baffled by a Czechoslovak suggestion that it should be considered in a "routine" manner.

Canadian delegate Paul Tremblay addressed the 16th General Assembly's 101-member special political committee as an East-West struggle loomed over Canada's proposal, sponsored by 22 other countries, that radioactive fallout data be collected from around the world on weather facilities.

Tremblay declared: "... As representatives of our peoples—the very men, women and children directly threatened by the radiation menace—we cannot do less in this assembly than to take the kind of posi-

tive and substantive action they expect of us."

"We must therefore seize the opportunity afforded by the consideration of this item to ensure that the focus of world opinion is held on this grave problem."

Tremblay, Canadian ambassador to Chile, referred to the annual report of the 16-country UN scientific committee on the effects of radiation, which says that the recent resumption of nuclear test explosions increases the urgency for closer scientific studies.

## Use of World Weather Body Urged

The Canadian resolution urges that the committee accelerate its work and that the facilities of the World Meteorological Organization, a specialized UN agency with 102 members, be used to collect radiation data which then could be published.

The Czech resolution says the radiation committee is "systematically" carrying out its work according to plan and will present its next comprehensive report in the course of about a year from now. Tremblay said:

"It is difficult for my delegation to understand how the distinguished representative of Czechoslovakia could suggest, as the resolution submitted by his delegation does, that despite the present disturbing circumstances we should treat

this item concerning radiation hazards in a routine and, indeed, almost casual manner."

Tremblay spoke of increased apprehension in Canada since the Soviet Union early in September resumed nuclear tests in the atmosphere. He reiterated that radioactive fallout increased by 1,000 times over Toronto following the resumption of atmosphere tests.

"It is true that Canada is one of the countries geographically located in the latitudes which seem to have received some of the heaviest concentrations of radioactive fallout. . . . It is not only ourselves and our children who face the consequences of ever higher levels of radiation; generations yet unborn also may suffer, to an extent which is not now possible to measure."

## Negroes Rush to Beat U.K. Immigration Ban

LONDON (Reuters)—Nearly 1,000 West Indian Negroes arrived in London Sunday in the first indication of an expected rush of newcomers before Britain clamps down on Commonwealth immigration.

The immigrants arrived on boat trains at London's Waterloo station. Relatives and friends crowded the platforms to greet them.

Legislation to change Britain's traditional "open door"

immigration policy is expected to come early in the parliamentary session opening Oct. 31.

Last year 52,000 West Indians arrived in Britain. There also has been an increase in immigration from India and Pakistan.

Current speculation is that Britain will bar immigrants who do not have a job already promised here, plus those with criminal records.

## Tax Boost to Cut Hospital Premiums

WINNIPEG (CP)—Premier Duff Roblin today proposed increases of one per cent in personal and corporation income tax paid in Manitoba to bring about a reduction in premium rates for the provincial hospital insurance plan.

Mr. Roblin, who is also provincial treasurer, made the proposals at the opening of a special session of the Manitoba legislature.

The session was called to introduce legislation in line with the new federal-provincial agreement to allow provinces to enter the income tax field.

Premier Roblin said the tax increases would allow the province to reduce premium rates to \$4 from \$6 for families and the \$2 from \$3 for single persons.

The Progressive Conservative premier said that while the income increases would not go into effect until Jan. 1, 1962, the reduction in the monthly premium rates could be made retroactive to July of this year.

Any citizen paying the previous rates since July would be entitled to a refund of the difference.

The one-per-cent personal income tax increase was expected to bring in \$5,250,000 while the corporation tax increase was expected to bring \$1,333,000 in new revenue.

## 'PRIMITIVE' NIGERIA STUDENTS PROTEST

## Peace Corps in the Glue Over Dropped Postcard

IBADAN, Nigeria (AP)—A postcard that went astray has given the American Peace Corps its first black eye in the field.

Nigerian university students demanded Sunday that the corps unit sent to teach Nigerians be expelled because of criticism of primitive living conditions in this year-old African republic written by a girl in the group.

Her postcard home, dropped accidentally on the campus, stirred 1,000 students at Ibadan College to an angry demonstration denouncing the "agents of imperialism."

Margery Michelmore, 23, Smith College honor graduate from Foxboro, Mass., quickly apologized to the university authorities for writing the

"thoughtless card" and offered to resign from the corps.

Peace Corps Director Sargent Shriver said in Washington he talked to the Nigerian ambassador.

"He did not seem disturbed. He said it was the type of thing you could expect in this

kind of operation and I agreed with him."

The anti-American demonstration was organized after someone was reported to have found on the campus grounds the postcard that Miss Michelmore had written to a friend in Boston reading:

"With all the training we had we were really not prepared for the squalor and absolutely primitive living conditions rampant both in the cities and the bush."

"We had had no idea about what 'underdeveloped' means. It really is a revelation and once we got over the initial, horrified shock, it is a very rewarding experience. Everyone except us lives in the streets, cooks in the streets and even goes to bathrooms in the streets."

The postcard was copied and circulated among the 1,500 students here by the Ibadan University College Students Union, which described her comments as "damaging to our country."

LEAVES THE COLLEGE

Before the student rally got

under way on the campus, Miss Michelmore left the college where 37 Peace Corps members are training for teaching assignments.

Visibly upset on arriving in Lagos, she said she had written the university authorities: "I understand and appreciate the sense of insult and offense Nigerian students may well be feeling. I would have the same reaction were I in their position."

"I came to Nigeria with high anticipation, interest and goodwill and I have been very happy here. I would not wish my mistake would affect the work of my colleagues and friends in the Peace Corps."

Shriver said no action has been taken on Miss Michelmore's offer to resign but that she is free to quit at any time.

# Pigs Roasted to Feed Spirits of the Dead

By HUMPHRY DAVY

The remains of 849 Chinese, who had hoped to be buried in their homeland, were interred in a mass grave Sunday in Victoria's Chinese Cemetery at Penzance Point, Gonzales.

They were buried in accordance with ancient Chinese practices dating back to more than 1,000 years before Christ.

## FIRST, LAST

It was the first ceremony of its kind held in Canada and will probably be the last as most Canadians of Chinese origin today have adopted western burial practices.

The interment in mass graves marked the end of a tradition by the Chinese people to have the remains, which were stored in small boxes in a building on the cemetery, returned to the homeland.

The practice was brought to an end by wars in China and finally the Communist government's refusal to accept the remains of citizens who emigrated to North America.

## TO CHINA

Before the thirties it was the custom for the Chinese to bury their dead in Canada and to have the remains exhumed about eight or 10 years later for shipment to China.

The remains buried Sunday had accumulated during the period since the Japanese invaded China in the thirties. Shipment of bones of people who died in the twenties and exhumed from various grave sites across Canada, were stopped.

The bones were stored at the graveyard here in the hope they eventually would be shipped to China. But the Second World War intervened. Later the Communist Party refused to permit the entry of the bones.

## BROKE DOWN

Many Chinese families, however, discarded the old practice after the Second World War and buried their dead in the cemeteries of their respective communities. The ancient practice from then on began to break down.

"The Chinese people now no longer think it is necessary to bury their dead in China," an official of the Chinese Consolidated Benevolent Association said. "So there is no reason to keep the remains stored here."

He explained that many Chinese are now born Canadians.

"Most of their relatives are now in Canada," he added. "Their outlook and beliefs have changed."

Sunday's ceremony was arranged by the Chinese Consolidated Benevolent Association which decided that the remains would be buried in accordance with old Chinese traditions as many of the dead were pioneers.

Many of the dead were victims of mining accidents in Nanaimo and Cumberland. Others were miners who had searched for gold in the province.

## PIGS ROASTED

The ceremony included the roasting of pigs and the offerings of fruit and vegetables to ensure that the spirits of the dead were well fed in their journey beyond.

Hundreds of people watched the ancient ceremony. Smoke rose from blazing josssticks and candles on an altar.

The remains, all of which are identified, were placed in a mass grave.

When the offerings had been made to the spirits, sod was turned over onto the small wooden boxes which had waited years to be buried.

OFFERINGS OF ROASTED PIG, wine, fruits and vegetables were made to spirits of the dead at an ancient Chinese burial ceremony at Penzance Point Sunday. Shown here are (left to right) Wah Quan, president of the

Chinese Benevolent Consolidated Association, Wong Whan, an official of Chinese Free Masons, David Lee, secretary of CBCA, K. Y. Quon, teacher, and Roger Lee. — (Robin Clarke Photo.)

BONES of Chinese were contained in these small wooden boxes buried in mass grave at Chinese cemetery. The burial marked the end of an old

Oriental practice of shipping remains back to China for burial with ancestors. — (Photo by Ryan Bros. Studio.)

VICTORIA, B.C., MONDAY, OCTOBER 16, 1961—PAGE 17

## Columbia Project Right On Schedule—Williston

By GORDON BELL  
Times Business Editor

"There has not been 15 minutes of time wasted on development of the Columbia River," delegates to the fall conference of the Pacific Northwest Trade Association were told today by Lands and Forests Minister Ray Williston.

"Despite everything you read we are right on schedule," he told the group which has backed and encouraged the Columbia project for many years.

Mr. Williston pointed out that since he had last addressed the PNTA last spring, B.C. had been spending about \$400,000 a month preparing plans, drawing up water rights licence documents and reviewing all details of the project.

The other provincial project, the Peace River development, he said, tied in with the theme of this conference of "Our Diversified Industrial Future" and stressed the importance placed by the government on diversification not only as to kind of development but also as to place.

"In B.C. we have taken steps to diversify our industrial base particularly through this plan to develop the north central area and make its economy more stabilized and competitive," he said.

He noted that the area now had no major source of industrial power but that the Peace River project was moving ahead swiftly to meet that problem.

About 200 delegates from B.C. and Alberta are attending the three-day conference in the Empress Hotel where emphasis is being placed on the practical aspects of diversifying the regional economy to gain more rapid growth of industry.

A feature of the conference will be panel discussions on case histories illustrating diversified industrial growth enterprises which have become successfully established in recent years.

These discussions will be led, mostly, by the men who actually established new industries and made them work.

Other featured speakers will be John J. McCloy, former special adviser to President Kennedy on disarmament who was U.S. High Commissioner in Germany for four years, and S. M. Blair, president of Canadian Bechtel Ltd. of Toronto.

Keynote speaker at the opening session this morning was Charles L. Hamman, director of institute development at Stanford Research Centre, Menlo Park, Calif.

Mr. Hamman said industrial development today was far from the "classic, textbook" situation of a few years ago.

The number of industries which had wide latitude in location was growing rapidly, he said, and no longer were former key factors such as transportation, raw material

## Green Light For Municipal Golf Course

Wheels were put into motion today to develop a nine-hole municipal golf course at Beaver Lake costing about \$125,000.

The proposal was made by Saanich council and endorsed by city parks committee which finally recommended Victoria:

1. Establish a recreational centre including the golf course jointly with Saanich.
2. Support a money bylaw to finance the development "if required."

## LONG-TERM LEASE

Saanich Reeve George Chatterton, leading a delegation of his council, said his municipality wants to develop a municipal course either jointly with the city or alone if the city will give it a long-term lease.

He said Saanich would hire an architect to construct a first-class course and expected the cost would run to \$75,000-\$125,000 "or more."

Purpose of the proposal "is not to make a profit but to look after the normal recreational needs of the public," Reeve Chatterton said.

Green fees would be kept as low as possible. A percentage of any net profit would be given the city for rent and the rest ploughed back into the development.

## NEAR CONCESSION

Coun. Leslie Passmore said the clubhouse might be located in or near the existing Beaver Lake concession building to provide a centre for the recreational area.

"It would serve the whole family," he said. "Mother and the kids could go to the lake beach and father to the golf course, or vice versa."

City council will have the final say on the proposal endorsed by parks committee which involves establishing the joint operation on the basis that the city would provide the land and some of the capital cost, if necessary, while Saanich underwrites most of the development.

## ASK The TIMES

Q. Would you please tell me which branch of the Dunsmuir family lived in "Burleigh" in Victoria West and in what years they occupied the house? Mrs. D.T.

A: The James Dunsmuir lived at "Burleigh" since its construction in 1891 until they moved to Government House in 1902.

Q. Could you please tell me if Ernie Ford is on the air this winter? J.M.

A: Tennessee Ernie Ford is off the air this season.

## TOPICS OF THE DAY

### ALEUTIAN CHILL SETTING IN

It's going to be cooler, so button up those overcoats.

A new weather system moving down from the Aleutians will end the balmy weather enjoyed by Victorians over the weekend.

Saturday's record high of 69.6 and the Sunday high of 61 will give way to a low tonight of between 35-42 and a high Tuesday of 55 degrees.

The outlook for Tuesday is one of increasing cloudiness with sunny periods.

Weatherman Bill Mackie reports the winds will be from the west at 15 miles per hour.

### Fraud Charge Amendment Approved

John Blair, formerly of Victoria, was charged in B.C. Assize court today with the defrauding of Thomas and Ethel Oxlund, 155 Linden Ave., of \$12,000 in a real estate deal.

Mr. Blair, a bespectacled middle-aged man with gray hair, pleaded not guilty to the charge after his defence counsel, W. Berkeley Montelth, had protested the wording of the original charge.

### AMENDED

Mr. Justice R. A. Wootton assented to Mr. Montelth's request that the charge be amended.

The charge was read after Crown Prosecutor William R. McIntyre had added certain particulars to it.

As amended the charge stated that Mr. Blair had offered the first mortgage on an Vancouver Island estate, representing that the title was held by International Anti-Radiation Ltd.

A jury of 12 men and women was then selected from a panel of 30 and sworn in. The trial proceeded this afternoon.

### Good Samaritan Rewarded With Beating, \$10 Theft

A city Samaritan was badly repaid for his kindness in driving a stranger home Sunday morning.

A constable patrolling Bay Street near Victoria Machinery Depot about 12.20 a.m. found John William Stewart, 1565 Elgin, slumped over the wheel of his car, which was stopped some distance from the curb. His face was covered with

blood and he had a swollen eye. He was treated at Royal Jubilee Hospital for cuts, bruises and shock and released.

The motorist told police he had offered an unidentified youth a lift at a hotel and as they drove along Bay the man had struck him repeatedly before making off with his wallet containing \$10 and some papers.

The Ontario Social Group of Victoria will meet Wednesday at 8 p.m. at 1400 Broad Street.

Three women were treated for minor injuries at St. Joseph's Hospital early Sunday and released after a car accident at the Fountain Circle.

Police said a car driven by Marguerite Guay, Cobble-Hill, was in collision with one driven by Linda Chipping, Sidney, and bounced off a guard rail after brushing a street sign.

The Guay car passenger was identified as Mary Weitzowicz, Duncan. Damage to both cars was said to be light.

Liliane Lebolt and O. Leemont won the weekly tournament of the Victoria unit, American contract bridge league.

Freda Small and Laura Tingley finished second, followed by Pat Bishop and Harry Rolis. Ethel Cleworth and Simon Marinker were fourth and Jo Waddington and George Morgan gained fifth position.

New chief of the Langford Volunteer Fire Brigade is David Smith, 2550 Millstream, a former lieutenant in the department whose full-time occupation is with the naval fire department at Esquimalt Dockyard.

Chief Smith succeeds Richie Lesquesne who held the post for two years before moving to Vancouver for business reasons.

A Victoria hunter walked out of bush near Macdonald Lake in the Leechtown area today shortly before a search was to have been started for him.

Ronald Day, 1725 Taylor, was last seen by a fellow hunter Sunday at 5 p.m. and was reported clear of the woods at about 8 a.m. today.

The Ontario Social Group of Victoria will meet Wednesday at 8 p.m. at 1400 Broad Street.

The CNR will present a model of the ship Prince Robert to the Maritime Museum on Wednesday at 2.30 p.m.

Admiral Finch-Noyes, flag officer, Pacific Coast, will receive the model on behalf of the museum.

The Prince Robert captured Canada's first prize in the Second World War, the German commerce raider Weser. She was also present at the surrender of the Japanese at Hong Kong.

Charges are pending against a juvenile caught at about 3 a.m. Sunday by Saanich police after a high speed chase in the Victoria College area.

The car was seen running two stop signs before accelerating to about 60 miles an hour on Lansdowne and turning north onto Richmond.

The fleeing auto turned onto Ernest and stopped outside 1906 Ernest where the driver jumped out and took to the bushes where police "flushed" him.

The Air Force Officers' Association of Vancouver Island will meet Wednesday at 1212 Quadra Street. Lt. Cmdr. F. B. Barclay will address the meeting.

The St. Alban's 50-Up Club will meet in the parish hall, 1468 Ryan Street, Thursday at 2.15 p.m.

A variety of games, stalls, homecooking will feature the Lansdowne Junior High annual fall fair to be held Friday at 7.30 p.m. Doors open at 7 and police will help with parking.

Skeena and Grilse left this morning, return Friday afternoon.

First meeting of the season of the Victoria Gladiolus Society will be held on Thursday at 8 p.m. in the Council Chamber of the City Hall, Pandora entrance.

Officers for the coming year will be elected, and George Heath will present awards for the 1961 show.

Cloverdale PTA will meet tonight at 8 at the school. Mrs. E. Huber will speak on the Guisenaire Method of teaching arithmetic.

### B.C. to Agree On \$1 a Head For Centenary

B.C. will probably go along with the idea of a \$1-a-head grant for Canadian centennial projects in 1967.

It would mean spending about \$1,600,000 in B.C. The federal government would match this, and local communities would pay another third toward approved projects.

### B.C. IDEA

Provincial Secretary Wesley Black, just returned from a series of Ottawa meetings on the centenary, said today the per capita grant idea "as suggested by B.C. in the first place."

Ottawa originally rejected it. "But lo and behold this time they came out of the blue with it," said Mr. Black.

He said he will report on the offer to the B.C. cabinet and it will be up to them to accept or reject it.

### SAME FORMULA

However, he pointed out that this was the same basis for provincial grants during B.C.'s centennial in 1958.

Mr. Black also said that B.C. would like to see more aid to provinces for 1967.

"We're going to keep pressing for administrative grants, too," he added.

They would help pay for the cost of actually running the centennial celebrations.

Ottawa also announced at last week's meetings that it would pay for specific "federal" centennial projects out of an over-all \$100,000,000 budget.

First of these will be a new national art gallery.

### NEW ARCHIVES

B.C. believes there are such projects which could be done in the provinces, too.

"We don't want to see the major part of this capital to be dumped in Ottawa," he said.

It is speculated that under this category B.C. will press for a grant to build its own new archives and museum.

### Police Probing Weekend Rash Of Burglaries

City detectives were kept busy today investigating nine break-ins, attempted break-ins and thefts over the weekend.

Despite the number of offences, no organization of professionals was suspected by police. All of the cases appeared to be the work of amateurs.

Thieves broke a padlock on the office door of a used-car lot at 938 Fort overnight and took the keys to steal a 1955 sedan which was still missing at press time.

### CAMERA STOLEN

At 10.30 p.m. Saturday a patrolling constable discovered a smashed window at Victoria Color Photo, 933 Fort. Missing was a camera valued at \$85 and two light meters valued at \$9 and \$12 respectively.

Police said a pop bottle was used to smash the glass.

In two of the weekend incidents the intruders turned to fire as well as theft.

### RANSACKED

A small fire that did slight damage was started near a building at New Method Laundries Ltd., 947 North Park, early Sunday after the firm's trucks had been ransacked and registration papers taken.

At 9.20 a.m. today officials of Heath Construction reported to city police one of their trucks parked at a service station at 945 Kings had been tampered with.

### STARTED FIRE

Investigation showed that four or five furniture blankets had been taken and a fire started in an old blanket in the cab of the truck.

About \$8 in silver was taken Sunday from Rapid Shoe Repair, 1052 North Park, where thieves broke a front door window and then jammed the door open to gain entry.

The break-in was discovered by police checking Island Hydraulics, next door at 1056 North Park, where a window had been broken and entry gained but nothing taken.

### DOOR FORCED

Thieves also drew a blank at Red's Tire Service, 925 Johnson, where entry had been gained by forcing a rear door.

A tire hammer had been used to knock the dial off the safe but no further damage was done and the contents remained intact.

At the Otis Elevator Co., 622A Broughton, a door lock had been tampered with but no entry made.

# United Appeal 'Task Force' Starts Big Push

The Big Push is on today, with an army of 1,500 volunteer canvassers ringing doorbells throughout Greater Victoria in quest of \$58,000 for the United Appeal.

It is the biggest volunteer canvass ever organized locally and a vital part of the overall drive to raise \$320,000 for the 22 charities served by the United Appeal.

"We ask you to recognize your responsibilities to the blind, to our youth and aged, to our unwanted children and all the problems of our 22 agencies," said campaign chairman Justin Harbord in a direct appeal to the public Sunday night.

Mr. Harbord was speaking at a mass rally in the Odeon Theatre at which nearly 1,000 of the

1,500 canvassers and team captains were special guests with Mayor Percy Scurrell and the reeves of Greater Victoria municipalities.

A high-spirited atmosphere was sustained throughout the speeches, a concert and stage program which preceded the premiere of a new British movie comedy, "Very Important Person."

Mr. Harbord referred to the residential canvass as "the toughest job of all."

"The two greatest killers of our time," he said, "are heart disease and cancer. . . I confidently expect the city council to grant permission for a 'Tag Day for the Society for the Prevention of People being Candid' any day now."

"Perhaps I should thank some of the aldermen—I repeat, some of the aldermen—for their won-

derful co-operation in granting tag days right in the middle of the United Appeal," he said with sarcasm.

"I was amused last Saturday to see a small boy busy tagging at the corner of Yates and Douglas, leaning on the United Appeal booth. It seems to me this is a pretty good symbol of the truth, which is that all agencies that insist on remaining independent of the United Appeal have every right to do so."

"But they are leaning on the United Appeal since we are providing an umbrella for them by combining 22 appeals in one, thus making it easier for the independent appeals to succeed."

"It does not take much imagination to see what the effect on these independents would be if

all our 22 agencies appealed separately every year."

Mr. Harbord thanked all United Appeal workers, the management and staff of the Odeon Theatre, the J. Arthur Rank Organization and all who contributed to the success of the rally.

Floyd Fairclough introduced women captains from the residential canvass division and appealed for more volunteers.

Both the Victoria West and Gorge areas are short of canvassers, and Mr. Fairclough invited volunteers to call Victoria West area chairman, Mrs. D. J. Burr at EV 2-1218, and Mrs. H. R. Turner, in charge of the Gorge area, at EV 4-5454.

Except for these two areas, he said, preparations for the neighborhood canvass are in "good shape."

## BULLETINS

### Youth Abducted In Car Trunk

MONTREAL (CP)—An 18-year-old Granby, Que., youth was safe at home today after three bandits kidnapped him and drove him to Montreal in the trunk of his father's car. Alain Guay was seized by the three hooded men when he surprised them as they ransacked his parents' house Sunday night. After the 45-mile trip to Montreal, the men abandoned the car in a downtown parking lot, gave the youth "a dime to make a phone call and fled on foot."

### 8,000 Fired

LONDON (Reuters)—One of Britain's big auto manufacturers, Rootes, today gave notice of dismissal to 8,000 of its workers because of a wildcat strike of 1,000 men at a London subsidiary which makes car bodies. The men have ignored orders by their union leaders to go back to work.

### 250,000 Troops

HELMSTEDT, Germany (AP)—West German border officials estimated today 250,000 Eastern troops will take part Tuesday in the key phase of a huge Warsaw pact manoeuvre in East Germany.

### Jewels Stolen

MONTREAL (CP)—Three men, two of them armed, escaped with \$20,000 worth of jewelry in a cardboard box after robbing the east-end Bijouterie Caprice today. Before escaping, the three tied up owner Chretien Manfau, manager Maurice Beaudet and a customer.

### Jailed for Fraud

TORONTO (CP)—Seven men were sentenced today to jail terms for conspiring to defraud the public in a \$75,000 merchandising dealership scheme.

### B.C. Town Flooded

GREENVILLE, B.C. (CP)—Several families were evacuated and water flooded the main street today as the Nass River overflowed its banks in this Indian village of 500, 85 miles north of Prince Rupert. Radio station CFPR here broadcast a message to fishing boats in the area, asking husbands to return to their families.

### Negroes Rush To Beat Ban

LONDON (Reuters)—Nearly 1,000 West Indian Negroes arrived in London Sunday in the first indication of an expected rush of newcomers before Britain clamps down on Commonwealth immigration. The immigrants arrived on boat trains at London's Waterloo station. Relatives and friends crowded the platforms to greet them.

Legislation to change Britain's traditional "open door" immigration policy is expected to come early in the parliamentary session opening Oct. 31.

Last year 52,000 West Indians arrived in Britain. There also has been an increase in immigration from India and Pakistan.

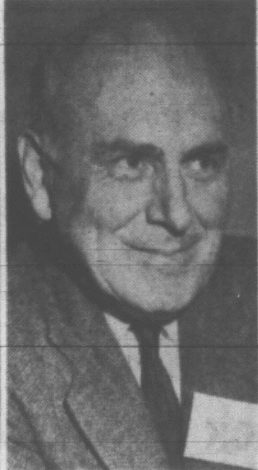

Current speculation is that Britain will bar immigrants who do not have a job already promised here, plus those with criminal records.

# REDS TRYING TO STALL FAST RADIATION CHECK

## BERLIN STRATEGY

## Talks Stymied By De Gaulle

PARIS (UPI)—President Charles-de Gaulle vetoed plans for a high-level meeting of western officials in London because he feared the United States and Britain might make concessions to Russia, French sources said today.

JOHN J. McCLOY  
... "no good to plead"

De Gaulle was said to be particularly disturbed that the United States and Britain might be ready to make compromises that ultimately might drive West Germany out of the western alliance and into a "neutralist" position between the two power blocs.

The French sources said De Gaulle has not ruled out the idea of East-West talks with the Soviets and that in fact he has laid down three basic conditions for going to the conference table:

—Soviet threats and blackmail must cease.

—There must be no Western concessions without clear parallel guarantees of continued Western basic rights in West Berlin.

—Russia must be willing to include any new East-West agreement on Berlin on a solemn pledge that ultimate German reunification is its goal even if this is not possible at this moment.

Government sources said the French president believes that in the present circumstances there is nothing in the Russian attitude that would warrant going to the conference table with the Soviets.

## VOW Trip To Russia 'Useless'

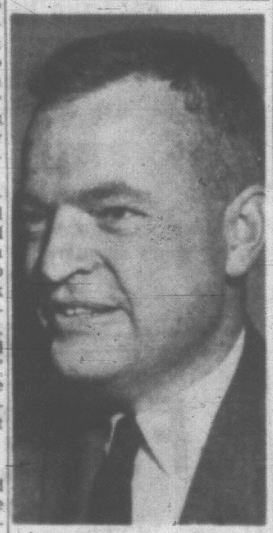

The plan of the B.C. Voice of Women organization to send spokesmen to the International Trade Fair in Russia next year—in an attempt to bring about solidarity with Russian women in a move for nuclear disarmament—was dismissed as useless today by one of the foremost disarmament experts of the U.S.

John J. McCloy, until recently President Kennedy's special adviser on disarmament, said in an interview in Victoria only a realistic approach to what is a tough and complex problem would bring useful results in the disarmament field.

"It does no good to plead or shout for disarmament," said Mr. McCloy, who is here to address the general conference of the Pacific Northwest Trade Association.

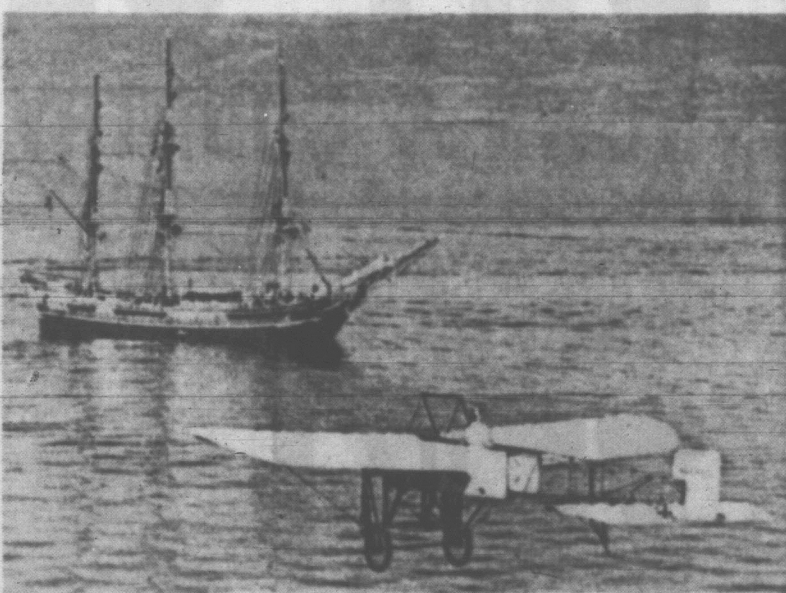

"We must be practical and persistent about it—and we must not forget that disarmament is not necessarily synonymous with peace," he added.

The VOW proposal has received approval from the group's national headquarters in Toronto. It was suggested some weeks ago by B.C. Attorney-General Robert Bonner when the B.C. organization

PRESIDENT

Victor in keen contest for presidency of B.C. Liberal Association at its weekend convention here was Penitence lawyer, W. A. "Bill" Gilmour, 40. He swept second ballot despite razzle-dazzle campaign by three candidates. (See story page 3.)

## REMEMBER WHEN?

This picture might have been dug up from some dusty archives, but it wasn't. It was taken Sunday off the California coast and shows Frank G. Tallman piloting a 1910 Bleriot monoplane from Catalina Island to

Long Beach to re-enact first aerial crossing of English Channel. Sailing ship below is full-scale replica of HMS Bounty, returning from Tahiti location of new "Mutiny on the Bounty" movie. (AP Wirephoto.)

## New Planning Council Major Liberal Policy

By FRANK RUTTER

A new national economic council as a blueprint for Canadian economic recovery was outlined as a major Liberal election plank by national leader Lester B. Pearson here, Saturday night.

Mr. Pearson told about 600 persons at a provincial convention windup banquet that his plan is aimed at making free enterprise and public ownership work in harmony.

It would—without reckless election promises—put an end to what he called present economic stagnation and massive unemployment.

Theme of the economic council would be "planning". Its members would include representatives from business, agriculture, industry and labor.

Its tasks would include research, tackling new problems, making policy recommendations to the government.

"I give you this assurance," said Mr. Pearson, "in the

period of campaigning before the election we will not insult the people of Canada with reckless, irresponsible promises in order to achieve office."

This time the public won't be dazzled by the "wild promises" of the Conservatives which just didn't stand up against their record in office, he added.

In a speech which barely touched on international affairs and hydro-electric power, Mr. Pearson devoted most of his time to a rallying call for orderly rebuilding of Canada's economy.

He denounced the Conservative government for its opposition to Great Britain joining the European Common Mar-

ket, a move which he said could be turned into an advantage for Canada.

"We would immediately initiate discussions and negotiations on the extension of the European Common Market across the Atlantic—plus the development of trade across the Pacific which in fact may be equally important," said Mr. Pearson.

"That represents our best chance for economic expansion and development—even survival."

"Such a trading area would

## Life Raft Spotted

NEW YORK (UPI)—An Air Force search plane today reported sighting a one-man life raft 650 miles off the east coast where a giant B52 jet bomber vanished during Saturday's exercise Sky Shield II.

The first report, released here by coast guard search and rescue headquarters, did not say whether there was any indication of life on the little raft. (See story page 5.)

## Czechs Question Canada's Plan

UNITED NATIONS (CP)—Canada, calling for an urgent world-wide study of atomic radiation, said today it is baffled by a Czechoslovak suggestion that it should be considered in a "routine" manner.

Canadian delegate Paul Tremblay addressed the 16th General Assembly's 101-member special political committee as an East-West struggle loomed over Canada's proposal, sponsored by 22 other countries, that radioactive fallout data be collected from around the world on weather facilities.

Tremblay declared: "... As representatives of our peoples—the very men, women and children directly threatened by the radiation menace—we cannot do less in this assembly than to take the kind of posi-

tive and substantive action they expect of us.

"We must therefore seize the opportunity afforded by the consideration of this item to ensure that the focus of world opinion is held on this grave problem."

Tremblay, Canadian ambassador to Chile, referred to the annual report of the 16-country UN scientific committee on the effects of radiation, which says that the recent resumption of nuclear test explosions increases the urgency for closer scientific studies.

## Use of World Weather Body Urged

The Canadian resolution urges that the committee accelerate its work and that the facilities of the World Meteorological Organization, a specialized UN agency with 102 members, be used to collect radiation data which then could be published.

The Czech resolution says the radiation committee is "systematically" carrying out its work according to plan and will present its next comprehensive report in due course—about a year from now. Tremblay said:

"It is difficult for my delegation to understand how the distinguished representative of Czechoslovakia could suggest, as the resolution submitted by his delegation does, that despite the present disturbing circumstances we should treat

this item concerning radiation hazards in a routine and, indeed, almost casual manner."

Tremblay spoke of increased apprehension in Canada since the Soviet Union early in September resumed nuclear tests in the atmosphere. He reiterated that radioactive fallout increased by 1,000 times over Toronto following the resumption of atmospheric tests.

"It is true that Canada is one of the countries geographically located in the latitudes which ... seem to have received some of the heaviest concentrations of radioactive fallout. . . . It is not only ourselves and our children who face the consequences of ever higher levels of radiation; generations yet unborn also may suffer, to an extent which is not now possible to measure."

## Tax Boost to Cut Hospital Premiums

WINNIPEG (CP)—Premier Duff Roblin today proposed increases of one per cent in personal and corporation income tax paid in Manitoba to bring about a reduction in premium rates for the provincial hospital insurance plan.

Mr. Roblin, who is also provincial treasurer, made the proposals at the opening of a special session of the Manitoba legislature.

The session was called to introduce legislation in line with the new federal-provincial agreement to allow provinces to enter the income tax field.

Premier Roblin said the tax increases would allow the province to reduce premium rates to \$4 from \$6 for families and to \$2 from \$3 for single persons.

The Progressive Conservative premier said that while the income increases would not go

into effect until Jan. 1, 1962, the reduction in the monthly premium rates could be made retroactive to July of this year.

Any citizen paying the previous rates since July would be entitled to a refund of the difference.

The one-per-cent personal income tax increase was expected to bring in \$5,250,000 while the corporation tax increase was expected to bring \$1,333,000 in new revenue.
